Husky boys win against Alma

The Northern Valley Huskies beat Alma 55-45 Tuesday night. "We knew this was a dangerous game due to the fact Alma had only

won one game," said Coach Jason Dibble. "Some of the coaches I talked to said they had been playing better lately and not getting

blown out quite as much. "They definitely had a size advantage with three kids 6'3" or bigger, so I knew we had to keep

them off the boards. Again we emphasized patience and good movement of the ball to beat their zone. We had too many turnovers in the first half, but even then we had an 8 point lead due to a strong second quarter.

"Henry got off to a good start inside, Avery outside and then we provided Joey with a lot of opportunities to score after he got good position inside in the third half. Again Cody, due to an injury to Cole, stepped up his game and came off the bench to score 8 and give us someone else we need to be able to count on as we get closer to regionals and post-season play. Jesse continued to attack the basket and Andrew did a good job of playing his role.

"I think we know what we are able to do and need to do by taking care of the ball and having low turnovers." Joey Copper led scoring with 20 points, followed by Cody Lowry, Avery Thalheim and Henry Griffiths with 8 apiece, Jesse Hilburn with 7, and Andrew Sheley with 4.
