—G 5/25—

**Thomas County Feeders** is looking to hire an experienced cattle person to fill a position on

**CATERPILLAR UGLY, BUTTERFLY BEAUTIFUL**

It is a well-known fact that a caterpillar changes into a butterfly. The butterfly can truthfully say as he looks at the caterpillar, "Such was I, but now I am changed."

Every Christian has once been a sinner, living for self and the momentary pleasures of sin and the world. But like the caterpillar, God has done a wonderful work in Christians.

The caterpillar (sinner) knows nothing of the delights of the butterfly (Christian). They must be made into new creatures. The cabbage-loving caterpillar has no capacity for the new-born movements and delights of the butterfly. No more can the carnal nature of man enter into the enjoyment of the things of God without first being born again.

Many caterpillars (sinners) try to mold themselves into the cocoon of a church, church clothes and Christian fellowship hoping to become a butterfly (Christian) by association. Disappointingly, they just stay their same old selves, wrapped up in things that can never regenerate their hearts. Thus they are overcome by self, the world and the temptations of the devil. Their lives are marked by disobedience to God's Word. They bounce from church to church looking to satisfy self. They desire social Christianity and avoid anything that will lead them to true holiness and intimate fellowship with God.

The Bible says, "Therefore, if anyone is in Christ, he is a new creation; the old has gone, the new has come!" (2 Cor. 5:17)

Having a church membership and clinging to false denominational teachings will not regenerate your heart. You must allow God to take away your heart of stone and give you a heart of flesh. The Lord desires to put His Holy Spirit in you and move you to follow His decrees and be careful to keep His laws (Ezekiel 36: 26, 27).

Regenerated Christians love God and they find serving Him to be a delight. 1 John 5:3 says, "This is love for God: to obey His commands. And His commands are not burdensome." Christians have the liberty to say "no" to self-centeredness and sin-centeredness. They hunger and thirst for the righteousness of God. They know and live in that abundant life which is promised by Jesus Christ. They live a victorious life over sin.

A person becomes a new creation only by accepting Jesus Christ as personal Savior and Lord. Jesus said, "You must be born again." (John 3:7)

The sovereignty of God alone determines if a caterpillar becomes a butterfly. Conversely, God asks you to choose to surrender to His will, which is for all to come to repentance and be saved. Not every caterpillar becomes a butterfly, nor will every person become a Christian.

You could be like the butterfly saying about the caterpillar, "Such was I, but now I am changed."

Will you allow God to make you a new creature in Christ?

### AUCTIONEER'S NOTES:

Of all the decisions I make in the auction business, one of the most difficult is knowing what to put on the sale bill. Sometimes I think real serious about giving up trying to calculate each detail and just make one big auctioneer note that says, "THIS IS THE SALE YOU WON'T WANT TO MISS." But then I get to thinking about this or that item I have seen and think, "Oh, everyone would like to know that is in this sale" so I continue to calculate each detail. This sale is shaping up to be one of the finest wood working equipment auctions you will ever have the opportunity to attend. The antique car is in excellent shape and any amount of miles away you live is not too far to come if you want a truly fine antique car! I do think you will find this to be the sale you won't want to miss.

Visit our web site@

**ENERGY ENVIRONMENTAL AWARENESS ISSUES FOR THE WORLD AND KANSAS**

Presented by: Richard Nelson, Director of Energy Engineering, Kansas State University

**RESEARCH & EXTENSION**

Wednesday, May 18 • 7 p.m. • 4-H Building, Norton

Specific topics may include: renewable energy such as wind, community wind, biomass, crop residue, fossil fuels and distributed generation. Energy issues affecting rural communities will be discussed as well as potential solutions. CO-SPONSORED BY NORTON COUNTY AND K-STATE EXTENSION
