Train Service Personnel are responsible for the safe movement of trains in the yards and over the road. The work involves climbing ladders to board freight cars, operating track switches, inspecting cars, and using radio communications to control train movement. Applicants must be at least 18 years old, pass a reading test, physical agility test, medical exam (including color vision and drug screens), and a comprehensive background investigation.

This is NOT a typical 40-hour a week opportunity. Train service employees work weekends and holidays on an "on call" basis, 24 hours a day, seven days a week. Travel is required and employees may be away from home several days at a time. The ability to work "on-call" is mandatory.

Openings are now available in Herington, KS as well as many other locations. For priority consideration, visit our web site at www.up.com, click on Jobs at UP and View Positions. For assistance with the application process, call 1-800-877-5634, option 4.
