Norton County Weather – January 17th – 21st

Tue	Wed	Thu	Fri	Sat
55/23	63/25	45/20	38/18	43/20

Normal High: 42
Normal Low: 16

Sunrise: 7:56 to 7:58 A.M.
Sunset: 5:42 to 5:46 P.M.

A passing system yesterday just produced strong winds and didn't have any effect on the mild January temperatures. Today and tomorrow we will see highs 10-20 degrees above normal. A 2nd front Thursday night and Friday may squeeze out some light rain or snow across the area, but chances are better that the dry and mild weather will continue. The dryness is not so unusual this time of the year, but the continued 50 and 60 degree temperatures are not normal!
