OBITUARIES

Marvin R. Bailey Nov. 13, 1924 - Oct. 5, 2006

County Hospital, Oberlin.

Mr. Bailey was born Nov. 13, 1924, in rural Kanona, the son of Ray William and Mabel Kate (Ruebesom) Bailey. He attended schools in Kanona and Norcatur. He and Norma Marie Green

were married Sept. 27, 1947, in Oberlin.

He was a member of the Kanona Methodist Church, Altory Township Trustee Board and the Kanona School Board. He was a farmer and lived all his life on the Bailey farmstead, except for 10 years in Norcatur.

He was preceded in death by his parents; a brother Merle Bailey; a sister, Pearl VanSickler; and a son-in-law, Syl Golka.

HANSEN MUSEUM

By SHIRLEY HENRICKSON

exhibition presents the art of Birger Sandzen (1871-1954), the founding father of painting in Kansas. This exhibition represents works from the two collections of the Birger Sandzen Memorial Gallery in Lindsborg: the Birger Sandzen Memorial Foundation Collection of Art and the Margaret S. Greenough Trust Art Collection. The exhibition includes over 55 oil paintings, watercolors and prints. The work was produced during the years 1891 through 1950.

Life in the "New Land" for Birger Sandzen began more than 110 years ago, in 1894 at the age of 23, when he came to Kansas. Mr. Sandzen's new homeland became an important part of his life and soul as an artist. He did not hesitate to express in his art an Harris of Stockton. Ms. Harris abiding enjoyment, which resulted in the completion of nearly mas wall hangings, Christmas 3,000 oils by the end of his life in tree skirts and Barbie doll 1954.

Graham County, was the source of many paintings, prints and website. The address is drawings by him. His wife's parents Eric and Charlotte Leksell you have any questions please lived on a farm near Bogue from e-mail

farm by the artist and his family, Our current exhibit is "Sandzen even after the Leksells moved to and the New Land". This traveling Lindsborg, allowed for sketching and painting of landscapes with outcroppings of limestone, Wild Horse Creek and rolling hillsides.

> He describes the area: "Wild Horse Creek is a wonderfully picturesque creek, with trees, limestone banks and background hills. I have spent several summers there and I have done about 300 studies in and near the creek. To learn landscape painting there is nothing like simple primitive motifs where the artist can study nature in the nude."

When his daughter Margaret noted that the Graham County land wasn't much good for farming, he replied, "That doesn't matter. It has some of the most beautiful limestone in Kansas."

The Museum's October "Artist of the Month" is Gloria has a variety of quilted Christclothes.

Head volleyball coach talks to Lions Club

Head volleyball coach at Norton Community High School, Chuck Zimmerman, spoke to the Norton Lions club at last Tuesday's noon

meeting. Coach Zimmerman said he has instituted the trainer concept into his coaching staff and Peggy Cox and Jill Scott are

his two trainers. The coach

said Norton played an extremely tough schedule and the team has worked very hard.

He explained some of the rule changes that went into effect this year. He said a coach may now make substitutions 18 times instead of only three.

The coach praised all the players both varsity and junior varsity one and junior varsity two. He said the team has the skills and their play has progressed very well.

flue covers.

As the evenings draw in chilly and dark, we simply turn up our automatic thermostats. Years ago, however, it meant a morning of work moving the cast iron heating stove into the house and polishing it up with stove blacking. Down came the flue covers and up went the stove pipes with much clanklacy hats with plumes or cozy ing and mumbling before they country lanes and cottages. Pretty were properly jammed into the circhildren, kittens and flowers were cular hole that led to the chimney. easily available. Ladies liked the Sufficient ventilation was thus romantic themes while hunting provided so the fire in the stove dogs, antlered stags, fish and redwould draw efficiently. coated fox hunting parties were found in barbershops or pool halls

All summer the unsightly hole had been neatly covered with a circular picture called a flue cover. Flue covers were so pretty many housewives hated to put them away and hung them elsewhere for the winter months. They are still pretty and very collectible. Surprisingly, there are enough around that prices are reasonable

Manufacturers made a couple of styles of this household essential. An early Sears catalog shows them selling for fifteen cents each. One version was simply a light metal disk with a paper picture glued on the front and a pair of springy metal loops at the back. The metal loops were forced into the hole and released, holding the disk against the wall. The disadvantage of this design was that it sometimes enlarged or tore the edge of the already rough-cut opening.

A bit more elegant and expensive, at twenty cents, each were glass-fronted paintings framed in a metal ring with a small chain attached. These were simply hung on a nail over the chimney hole. Occasionally one can be found with reverse painting on the glass. If you find one of those, grab it they are hard to find because they were so fragile. Either way, it was a rare home in early days that didn't have at least one flue cover in the parlor during the summer when the heating stove and pipes were relegated to the barn.

The art work that perked up this utilitarian object often featured flirtatious Victorian ladies in big
