Norton County Weather ----- May 8th - 12th

Normal High: 72
Normal Low: 44

Sunrise: 6:28 to 6:32am
Sunset: 8:41 to 8:45pm

With low pressure directly overhead this past weekend, we were in the dry slot of a storm system that produced the worst Kansas severe weather outbreak in 60 years. There were over 100 reports of tornadoes, a F5 destroyed Greensburg and flooding rains fell from Salina to Kansas City. We pray for all those who were involved! High pressure moves in this week with dryness, highs in the 70's and lows in the 40's. Perfect weather to get some field work done. Next best rain chances appear to be Monday and Tuesday of next week.
