Norton County Weather - October 16th - 22nd

Tue	Wed	Thu	Fri	Sat
				
68/43	78/43	85/38	70/40	68/43

Normal High: 85
 Normal Low: 58
 Sunrise: 7:31 to 7:37am
 Sunset: 6:51 to 7:00pm
 Some may think today's weather is chilly, but it is actually seasonal for mid-October. Generally by now we have seen our first frost, but this year we'll have to wait a while longer to kill the bugs and plants. Other than an occlude chance for rain showers Wednesday and Wednesday night the period looks dry. Rainfall this weekend has next year's wheat crop coming out of the ground and stored the grain to this year's fall harvest. All in all the weather is pretty decent now that the warm and windy conditions have left!
