HELP WANTED

Rural Telephone/Nex-Tech, a leading-edge, fast-paced, technology service provider is seeking an employee for the following position

Systems Developer - Lenora, Kansas -

This individual will develop, test, and implement stand-alone applications; create internal technical documentation and unit testing plans; develop, modify, and test existing software solutions; and create modification documentation and testing plans for existing software solutions. Duties will include developing, testing, deploying, documenting, and maintaining web applications; web services, server controls, user controls, class libraries and related components. The employee will also provide training and technical support to internal and external customers associated with the installation, operation, and maintenance of systems.

Education and Experience: Bachelor's Degree in Computer Science, or two years of programming experience. Experience using Visual Studio, Structured Query Language (SQL), and Crystal Reports beneficial.

Equal Opportunity Employer: We offer a competitive salary and comprehensive benefits including health and life insurance, 401(k) and retirement. If you are interested in this full-time position, please submit a current resume, cover letter and three business references by January 18, 2008.
