I'm a pork producer. **I'm a soybean farmer.**

Together, we raise our community's standard of living.

The swine industry is the soybean industry's second largest domestic customer. Pork producers purchase over 8.7 million tons of locally grown soybean meal to feed their hogs. And that's just part of their economic impact. They also account for more than 340,000 jobs nationwide, and generate more than \$1.6 billion in tax revenue. A strong animal agriculture industry helps ensure a better living for pork producers, soybean farmers and the entire rural community.

Brought to you by America's pork producers and soybean farmers.

Why aren't you using Online Bill Payment?

- Banking and paying bills can be done from anywhere with internet access.
- Paying bills online saves the average consumer \$6.00 in stamps and 2 - 4 hours of time each month.
- An average of 5 pieces of mail are delivered every day to over 146 million addresses. We could save 19 million trees if consumers viewed and paid bills online.

Online Bill Payment with password protection, multi-level authentication and increased online security, make it much safer than putting a check in the mailbox, or giving your credit card or account information over the telephone. Internet use and account monitoring are the fastest ways to detect fraud and reduce losses from identity theft.
