To Each of Our Loyal Customers

The Almena State Bank, First Security Bank and Trust Co. and First State Bank

would like to take this opportunity to tell all of our loyal customers that each of your three hometown banks are safe, sound, family owned community institutions. Here on Main Street we haven't, and will never stray from the conservative banking the "big boys" or Wall Street long ago abandoned. All three of your FDIC insured family owned hometown banks have weathered every financial disaster of Wall Street since and including the Great Depression. We value each of the unique relationships we have with you and look forward to answering any questions you may have about our banks and FDIC deposit insurance. **Your money is safe with all of us.**
