» Relief from years of back pain...
within reach.

» » » »
Mike Brown had been dealing with pain since he injured his back while in the military more than 15 years ago. When one of the spine specialists at Good Samaritan Hospital recommended surgery, the prospect of being pain-free motivated Mike to agree. After surgery, Mike started a new job as a school principal, he's starting to hunt and fish again...and he's wondering why he waited so long.

Every day, Good Samaritan neuroscience experts treat patients with stroke, back pain, aneurysms and traumatic injuries to the brain and spinal cord. There's no need to put up with back pain. The expertise you need is...within reach.
