

# Wheel winners

Norton Public Library's summer reading program concluded with the long-awaited drawing for bicycles.

Some 242 people had signed up and placed their names in for the drawing.

The drawing for the bicycles was held Aug. 14 and here are the winners:

- In the read-to-me category, Corwyn Cox with 20 books read and Jenessa Ruder with 26 books each won a bicycle.
- In the elementary through 12th grade category, Chloe Nielsen with 35 books and Jonah Ruder with 20 books each won a bicycle.
- Beverly Kindler won the adult prize of a \$14 gift card from downtown Carwash for reading 14 books.

"Thank you to all the wonderful participants and volunteers for 'being creative at your library' and making this another great summer reading program," said Kathy McConney, children's librarian.

She said each participant worked hard to reach their goals.

The library's reading program will start again next summer

Jenessa and Jonah Ruder and Chloe Nielsen got on their new bikes after the drawing for the Norton Public Library's Summer Reading Program. An estimated 242 people entered the drawing over the summer. Jenessa read 26 books, Jonah read 20 and Chloe read 35 books.

## NOTICE

The Board of Trustees of the Norton County Hospital recently completed the purchase of the property at 101 E. Warsaw Street, Norton. This property is adjacent (south side) to the Hospital's parking area located on State Street. On the property is a 40' x 29' home with a 12' attached garage. If someone has an interest in moving the home from its present location, or demolishing and removing the material from the location, the Governing Board is prepared to negotiate these terms. To express interest or view the property, please contact Ty Bruton, Director of Engineering, or Richard Miller, Administrator/CEO at 785-877-3351. Contacts relating to moving or demolition need to be made by September 1, 2009.

## Norton County Health Promotion Blood Draws

**At the Norton County Health Department**

Tuesday, Aug. 25, 2009  
 Time: 7:00 a.m. - Noon

Provided by a joint effort of the Norton County Health Department and the Norton County Hospital

Need to be fasting (no food or drink after midnight) before the test

**NO APPOINTMENTS NECESSARY - FIRST COME, FIRST SERVE**

**QUESTIONS? CALL THE NORTON COUNTY HEALTH DEPARTMENT AT 785-877-5745**

**Profile #1 (Health Profile and CBC) . . . . . \$40.00**

**HEALTH PROFILE CONTAINS:**  
**Electrolytes** - (Sodium, potassium, chloride and total carbon dioxide) These are major indicators of kidney and hormonal functions. Electrolytes are essential for the body's acid-base balance and the operation of nerves and muscles, especially the heart.  
**Kidney Functions** - (BUN, creatinine) These indicators are used to monitor kidney function.  
**Liver Functions** - (Total albumin, globulin) These tests can be used in detecting and/or monitoring liver function damage, tissue damage or inflammation.  
**Alkaline Phosphate** - (Uric acid, calcium, phosphorus) Used for detection and monitoring of bone, tissue and parathyroid disease, such as arthritis, gout, bursitis and lupus.  
**Glucose** - This test is used to measure blood sugar levels and is used to help diagnose/monitor diabetes mellitus.  
**Cholesterol** - (Including HDL, LDL, VLDL, triglycerides and ratio of LDL/HDL) these are fats produced in the liver that combine with fatty oils in the blood stream. Cholesterol is further broken down and measured as HDL (good cholesterol) and LDL (bad cholesterol). The person who has higher levels of LDL is at greater risk of heart disease. Triglycerides determine the level of simple fats in the blood.  
**CBC** - (Complete blood count with differential) This is a series of tests of the blood that provides a tremendous amount of information about the hematologic system, immune response and many other organ systems.

**Profile #2 (PSA) . . . . . \$20.00**  
 PSA - This test detects an enlarged prostate, infected prostate and/or prostatic cancer. It can be used to evaluate disease progression and to monitor treatment.

**Profile #3 (TSH) . . . . . \$15.00**  
 TSH - This test is used to evaluate thyroid function and detect if there is too much or too little hormone secreted by the thyroid.
