

# SELL IT FAST IN THE CLASSIFIEDS!

For Classified rates and information, call 785-877-3361

**THANK YOU**

TERRY AND I would like to thank everyone who worked so hard to organize the benefit dinner. We would also like to extend our heartfelt thanks to everyone who made a donation in order to help us pay medical expenses. All of the cards, prayers, and phone calls were also very much appreciated — Terry and Stephanie Kinderknecht.

AS A SOFTWARE VENDOR to substance abuse treatment providers, Valley Hope Association must comply with regulatory standards developed for behavioral health software. Accordingly, Valley Hope Association is seeking applicants for the new job position called Software Certification Administrator (SCA). The SCA will ensure internally developed Valley Hope software meets certification and interoperability standards. The SCA will also help design and write software development work orders, conduct tests of internally developed software against required certification standards, and ensure internally developed software meets interoperability standards required for external electronic health information exchange. This is not a computer programmer job position but a working knowledge of the XML, C++, or any other programming language is helpful (but not required). The SCA will interact routinely with members of the software development team to facilitate an integrated approach to certification and interoperability compliance. A Bachelors degree in computer science business, or related field is required. Experience/ Training may be substituted for the degree. Prior experience should include demonstrated ability to learn technical skills and effectively achieve related objectives using learned skills. Starting annual salary is up to \$40k DOE with an outstanding benefits package. This position is based at the corporate office in Norton, Kansas, but requires ability to travel. Applicant deadline is November 30, 2009. email resume to [jobs@valleyhope.org](mailto:jobs@valleyhope.org), EOE
