

Kitchen space limited? Try out these ideas

If your kitchen has limited space, it is a challenge to store items efficiently and to find items that can be used to multi-task. Here are some ideas to try:

- Use a wall-mounted shelf with pegs to hold decor or cookbooks on the shelf, and pot holders on towels on pegs.
- Mount a paper towel dispenser on the side or under a cabinet to free up counter space.
- Use desktop organizers to hold lids, flat dishes, small utensils.
- Use an over the door shoe organizer to hold foil, wax paper, plastic wrap or other light weight small items to free up shelf space.
- For buffets, use canisters, canning jars, empty oatmeal boxes to organize cutlery and napkins.
- Many baskets are inexpensive and they can help organize and decorate at the same time.
- Hang a spice rack on the wall or cabinet for easy access and to save counter space.
- Have plastic containers without lids? Use them to store utensils vertically instead of taking up drawer space.
- Need an extra cooling rack? Turn over a muffin pan to set a hot pan of brownies on to cool.
- What is a serving size of spa-

ghetti? Use an empty spice bottle with a one inch diameter opening. This will equal 2 servings.

- Use a salad spinner to clean your leafy greens and to store them in the refrigerator and help keep moisture at bay.
- Having trouble opening that jar of pickles? Wrap rubber bands around the lid for a better grip.
- Taking a pita sandwich on the run for lunch? Keep hands clean with a coffee filter wrap.
- Use coffee filters for disposable bowls to serve popcorn or snacks.
- And the list goes on and on and on . . .

If you have questions related to kitchen storage, please feel free to contact your local K-State Research and Extension Office or e-mail Tranda Watts at twatts@ksu.edu.
