Your wheat could win

With the wheat harvest underway, producers are encouraged to enter the Market Wheat Show at the Norton County Fair this year.

The entries will be sent to the State Grain Inspection Service the next week to determine the physical properties such as test weight, protein and dockage.

Results will be sent out to the participants after the fair.

All that is needed is a bin run sample of about 5 pounds. Submit this in a container or a large baggie-style freezer bag that is sealable. A large coffee can is about the right amount to submit. Samples do not need to be sifted or cleaned.

A data entry form must be filled out as well. Scores also depend upon some of the information on the card.

The entry cards can be picked up at the Twin Creeks Extension Office (785-877-5755) or contact Dwight Heikes who is superintendent of crops and wheat. Producers may leave their samples at the extension office before the fair or can take them to the 4-H Building on Entry Day, Tuesday, July 27, by 1 p.m.
