

Diane Davis

Tammy Maddy

Jeff Armbrister

## Congratulations to employees

Congratulations and thanks are in order to the Norton Correctional Facility employees of the 2nd Quarter:

**Contract**  
Diane Davis has been at Norton Correctional Facility since June 2000 serving as the Medical Records Supervisor for CCS. She was nominated due to her loyal dedication and extensive knowledge, as well as her professional and pleasant attitude. She coordinates the schedules for the medical departments and is described as "the go to girl" when anyone has a question about the clinic or office matters and "tackles" any task given to her. Diane manages the payroll and tracks work time and invoices for the department, as well as ensures timely creation and submission of reports. She is willing to take the extra steps to get the work completed even if it includes a change in hours of working on a holiday. Diane never hesitates to take on a new responsibility.

**Non-Uniformed**  
Tammy Maddy began her employment with Norton Correc-

tional Facility in January 1988 as a Corrections Counselor I and promoted to CCII in February 1989. Tammy has served as Institutional Parole Officer since that time through numerous changes doing a very good job with release planning and coordination with other staff and agencies as well as coordinating the Parole Board hearings. Several years ago the KDOC began the process of Risk Reduction, and Tammy came on board quickly making changes and seemed to be able to look at the big picture to make things work in the "reentry world". Eventually Reentry was expanded to the new building and committed staff which Tammy has supervised and led to a successful program. She is a Thinking for a Change Facilitator and Tenant Training Facilitator.

Norton Correctional Facility ranks #3 in the State of Kansas for the number of inmate releases. Tammy is responsible for tracking these inmates and making sure all paperwork is in order and correct. She also coordinates transportation and inmate release money,

as well as scheduling the many callouts. She is able to wear many hats and step in to assist during staff shortages.

**Uniformed**  
Sergeant Jeff Armbrister has worked at Norton Correctional Facility since October of 1999 beginning as a Corrections Officer and promoting to COII in January 2005. Jeff has worked every shift and almost every post over the years.

For the past four years Jeff has served as the Entry (Sally Port) Sergeant and has performed this job in a very thorough manner. He is very thorough with his searches of vehicles, persons and containers, rule enforcement and documentation. He is diligent to ensure no unauthorized vehicles, persons or items enter or leave the facility. He has passed many vulnerability tests over the years. In the recent facility-wide drill, Jeff did an outstanding job of keeping accurate records of those "victims" leaving the facility. While conducting all these duties he seems to maintain a pleasant disposition and helpful attitude.

## Questions you always wanted to ask

The Solid Waste & Recycling Center is also known as the landfill. A new 5th cell was recently opened for household trash. Whitney Construction of Almena did the work. The bottom of the cell consists of a clay and Bentonite mixture compacted to help stop leachate water (water that seeps through the trash) from getting into ground water. A leachate collection system is in place to collect the leachate water in tubes and the liquid is then pumped back onto the trash to evaporate.

Recycling in Norton County has increased to 27%, however the rate would be much higher (and better for the environment) if everyone would recycle. Recycling accepted at the landfill includes plastic (look for the triangles: 1-7 are recyclable), newspapers, magazines, books, junk mail and tin cans. Please rinse out recycled cans and plastic containers. Cans and plastic containers that have not been rinsed out will contaminate the other recycling - please keep it clean. Remember to use blue or clear bags for recycling.

Here is an example of questions received at the landfill and the answers provided:

Do you take (fill in the blank)? What do I do with this junk?

The landfill can dispose of most trash; however remember to keep it separated. Household trash (Municipal Solid Waste or MSW) consists of trash, clothes, linens, blankets, shoes, TVs, construction and demolition debris (C&D), shingles, wood, furniture and carpet. White goods include met-

als such as washers, dryers, hot water tanks, etc..

There were cans of paint in the garage when I moved in. Will you take it? The landfill accepts any kind of paint at no charge.

Can we bring out tree limbs and grass clippings? Yes, tree limbs and grass clippings are accepted at no charge.

When do you pick-up recyclables? Norton has curbside pick-up of recycling on Fridays; Almena and Lenora have curbside pick-up of recycling on Tuesdays. Recyclables can also be brought to the landfill anytime.

Is this the Bank? No, we are not the Bank although some people think we are (bring small bills please.)

I'm in trouble. I put out our recycling and also a bag of Christmas presents. Can you find the presents?

After finding out the time of day the pick-up was made the bag of presents was found.

I think I threw out my bank deposit. Can you find it? With a bit of luck, the deposit was also found.

What are your hours? The landfill is open Monday through Friday 8:00am to 5:00pm. In summer the landfill is also open Saturdays from 8:00am to 12:00pm.

What is e-waste and do you recycle it? E-waste is electronic waste such as flat screen TVs, computers, flat screen monitors, printers, copiers, radios, phones, VCRs and DVD players. Yes, e-waste is accepted and there is no charge for it.

## Annual meeting to learn about veterans benefits

American Legion Post #304 will host a meeting for all veterans and their families who wish to learn more about their earned VA benefits on Tuesday, Sept. 28th, at 6:15 p.m.

Veterans and their family members who have specific questions regarding VA benefits are urged to attend the meeting which will be held at the Long Island Community Bldg.

This meeting is the last one of the evening for these representatives, so we will be hosting a potluck supper.

The main dish will be provided, but you are encouraged to bring a side dish, salad, or dessert.

The country's largest veteran's service organization, The American Legion, assists more veterans and their dependents in filing for

benefits through service in the Armed Forces than any other group or organization.

American Legion members authored the original GI Bill of Rights during World War II and have pioneered many veterans programs including compensation for veterans exposed to radiation and Agent Orange and investigating Gulf War Syndrome.

The September 28th meeting is part of the Legion's annual American Legion Veterans Affairs Tour when State and District Officers visit each of the over 325 American Legion Posts throughout Kansas.

## It's called Randonneurung!

Guido VanDuyn and Mark Olsen

U.S. Highway 36 is a popular bike way. On Thursday, Sept. 23, 43 bikers passed through on their way to Kensington. This was the 8th annual trip for the Rocky Mountain Cycle Club. The trip was 753 miles and went from Boulder, Colo. to Kensington. At the post office in Kensington, the bikers mailed a post card to John D. Ellis, Louisville, Colo. to prove they had

completed the trip. Guido VanDuyn, Vancouver British Columbia and Mark Olsen of Minnesota stopped to have their picture taken outside of the Norton McDonald's. The "Randonneurung" is older than the Tour de France. Thirty five countries are in ACP bicycle clubs that started in France

## Local model will be in Day of Caring show

The Day of Caring will be Saturday, Oct. 16 in the Fort Hays State University Memorial Union. The day begins with a variety of booths in the Sunset Lounge Altium at 9 a.m., brunch begins at 10 a.m., followed by the speaker, special entertainment and style show in the Ballroom. The models are all breast cancer survivors. Rita Speer from Norton will be a style model.

The Day of Caring speaker is Dr. William Smith, Section Head of Breast Imaging at Kansas University Medical Center. Dr. Smith has 30 years of working with breast cancer. Everyone is encouraged to attend the Day of Caring. It is designed to celebrate survivors and raise awareness. Tickets are \$18 and need to be purchased by Oct. 11.

The Day of Caring is sponsored by the Cancer Council of Ellis County. Contact the Cancer Council of Ellis County for more information at 785-625-6653.

How much does it cost to bring trash to the landfill? Household trash (MSW) is \$.68 per 20 pound; C&D is \$.35 per 20 pound, white goods \$.35 per 20 pound.

In 2009 the following volumes were processed:

2298.8 tons of trash. This represents 2.17 pounds of trash per person per day from Norton County residents using the landfill. 1305.1 tons of C&D, 37.75 tons of white goods, 642.7 tons of recycling

A trip to the landfill can be enjoyable if the waste is separated. Separating waste in advance will also save time.

The Solid Waste and Recycling Center Supervisor is Curt Archibald who has been at the facility for 12 years. The facility Operators are Kirk Foley, who has 18 years service and Terry Laughlin with 2 years. Remember to RECYCLE!

## •PUBLIC NOTICE•

### ORDINANCE NO. 2010-3

Published in The Norton Telegram on Tuesday, September 21, 2010 (17)

**ORDINANCE NO. 2010-3  
AN ORDINANCE ESTABLISHING WATER RATES AND FEES  
FOR THE CITY OF CLAYTON, KANSAS  
AND REPEALING PORTIONS OF PRIOR ORDINANCES  
BE IT ORDAINED BY THE GOVERNING BODY OF THE  
CITY OF CLAYTON, KANSAS.**

**Section 1.** That effective September 30, 2010, a minimum of \$30.00 monthly water service fee is hereby established which shall entitle the customer to 1000 gallons of water each month, and excess water usage above said minimum amount shall be charged on a basis of \$3.00 per 1000 gallons or portion thereof over said minimum quantity. A \$50.00 nonrefundable water tap fee for new water service and a fee in the same amount for restoration of service in the event water service has been terminated by reason of nonpayment shall apply, which water service fees shall become effective September 30, 2010.

**Section 2.** The previous Clayton City Ordinance No. 1993-1 as to Section 1 thereof is repealed as of September 30, 2010, and prior Ordinance provisions inconsistent herewith are repealed and modified as necessary in order that this Ordinance shall supersede conflicting Ordinance terms and provisions.

**Section 3.** This Ordinance shall take effect from and after its publication in the official city newspaper and the rates set forth in Section 1 shall be applied commencing September 30, 2010.

Passed and approved by the governing body of the City of Clayton, Kansas, this 13th day of September 2010.

APPROVED:  
Russell Bird, Mayor

ATTEST:  
Barbara Brooks, City Clerk  
City Clerk
