Last year 191 students crossed the intersection of Highway 36 and Jones Street. "We were really happy with the response," Streck said. Parents are encouraged to walk to school with their children. They don't have to come to the district of-

rice first. They can walk from home. The school buses will run their normal routes. However one bus goes by the district office, and those children will be able to join the walk if they choose. The purpose of the walk, which began in 1997, is to create safer routes, increase physical activity, improve the environment and engage kids of all abilities. The walk will be cancelled in the case of inclement weather, Streck said.
