

Norton youth earns highest award

Christopher Neale Chambers, of Norton, has earned the highest advancement award the Boy Scouts of America offers to Scouts, the Eagle Scout Award. Chambers was recognized in ceremonies on Saturday, Nov. 19, 2011 at 2 p.m. at The First Church of God. A member of United Methodist Church, Troop 181, Chambers is one of approximately four percent of all Boy Scouts who attain the Eagle rank, according to Scoutmaster Pat Douglas. Each candidate must earn 21 merit badges and successfully complete a community, church, or synagogue-related service project to earn his Eagle; Chambers chose to establish a permanent flagpole and brick walkway at Keith Sebelius Reservoir, Norton.

He has served as Scribe, Assistant Patrol Leader, Patrol Leader, and earned his God and Church Award. Chambers joins other outstanding American citizens who have become Eagle Scouts, among them former President Gerald R. Ford, Jr., astronaut Neil A. Armstrong, cinematographer Steven Spielberg, and the head of the F.B.I., William Sessions. Chambers is a member of The First Church of God and is active in KAY's, Drama Club, Cross Country, and Track, at Norton Community High School, where he is a sophomore. He is the son of Curtis and Kim Chambers of Norton, and the grandson of Phyllis Moore and the late William Moore.

Department offers travel information

The Kansas Department of Transportation would like to remind travelers to use the free traveler information services it provides to prepare for their holiday/winter travels. Visit **KanDrive**, www.kan-drive.org, the department's traveler information gateway for Kansas and surrounding states, to get enhanced camera views. Camera snapshots of the roadway are updated every few minutes from closed-circuit cameras installed along I-70 and other highways. The department has recently installed eight new cameras on highways across the state at the following locations: Kanarado (I-70); Belleville (U.S. 81); McPherson (I-135); Beto Junction (I-35); Pittsburg (U.S. 69); Garden City (U.S. 50); Liberal (U.S. 54) and at the

junction of U.S. 75 and County Road 150 north of Topeka. In addition to the camera tour, KanDrive provides an interactive map of Kansas roads, work zones and other events impacting traffic and surface-related road conditions; roadside message sign views (nine new signs have also been installed at/near the new camera locations listed above); and links to related helpful transportation resources, such as KC Scout, neighboring states' travel information, Kansas Turnpike information, Kansas Byways and more. The **511 Mobile** site at <http://511mm.ksdot.org> now provides map, camera and electronic message sign views, road conditions, work zone and event information and links to weather. All content is provided by

six regions across the state and three metropolitan areas (Kansas City, Topeka and Wichita). The site is accessible from multiple devices, including iPhones, Droids and Windows mobile devices, Version 6.0 and higher. Any devices not compatible with the new application will be able to access text information only for road conditions and work zones. **511 Phone** - From any phone anytime, travelers may call 5-1-1 from anywhere in Kansas or 1-866-511-KDOT (5368) from anywhere in the U.S. to get route-specific road conditions, work zone information, including detours and closed roads, and travel-related weather information to plan their trips or for updates as they travel.

That's right

Second Chance Homeless Pet Society held its annual Trivia Night on Saturday at the Eagles Lodge. The fund-raiser is the Society's main money maker for the year. It raised over \$1,200, which helps pay for licensing fees, dog food, training supplies and veterinarian bills. Kevin Baughman, Que Tran, George Boutwell, Adam Zier, Jeff Elliott, Valerie Elliott, Joshua Robinson and Julie Baughman celebrate their correct answer after one of the questions. Second Chance is a non-profit organization that rescues dogs from pounds, veterinarian clinics and shelters to be adopted by the public.
