

# Taking flight

The Carlos Zambrano family of Norton enjoyed the fall weather on Wednesday by spending the afternoon at Elmwood Park flying kites. Carlos and his youngest daughter, Brissa, are pictured here retrieving a downed kite. There was just enough breeze to keep the kite airborne most of the time but as the old saying goes, what goes up must come down. As autumn rolls through northwest Kansas, the cooler weather is bringing people outside to enjoy the weather before winter hits.

# LYLE NEWS

When Toots Magers went into the Community Building at Lyle to check on things, as she often does, she found that every window curtain had been torn down. At first she wondered who or what would have done such a thing. Her daughter, Judy, said probably a cat got in and was trying to escape. Whatever it was, it did escape without anyone seeing it. Of course, there were several guesses: a cat, a bat, a raccoon, a bird? Where is Sherlock Holmes when you need him? The windows were measured, etc. and new curtain rods bought, and after Sunday's dinner, the curtains were put back up by Toots and her daughters.

The fund-raiser on Sunday, Oct. 7 for Deb Marshall's trips for cancer treatments seemed to be a big success, judging by the crowd and all the delicious food.

Teilia High, with Aubrey, Grant and Emily's friend, Megan; Carol Moye and great-grand-

daughters, Kylie and Skylar braved Saturday's snowstorm to drive to Catharine to two-year-old Rowan Bader's birthday party.

Yes, we have had two snows now, but with no accumulation. So whether it is winter or not, it feels like winter.

June Jolly attended her KT Club on Thursday, and worked at Bingo Thursday evening. She played cards Monday evening.

Joyce Sumner took me to Lyle on Sunday where we had church, followed by a great dinner. Twelve gathered for the dinner, including her sons, Larry and Ward.

The fund-raiser for the Lyle Community Building is set for Saturday, Oct. 20. Come have potluck at 6 p.m. and enjoy music and fun. Some of the music will be by the Prairie Rose Harmony Singers, some by the Prairie Dogs from McCook, Neb.

## BUSINESS NEWS

David J Davis, agent at Boxler Insurance Agency, Inc. of Norton, recently was awarded the designation of Certified Professional Insurance Agent, a professional designation conferred by the American Insurance Marketing and Sales Society.

Davis successfully completed three Insurance Success Seminars as well as the course review required for each. The designation stands for professionalism, commitment to sales training and results and technical knowledge. The designation does require a bi-annual continuing education update.

### PUBLIC NOTICE

#### Prairie Dog Creek WTAP Sign-up Open

The Kansas Department of Agriculture will be accepting applications for the Water Right Transition Assistance Program (WTAP) from October 1 to November 15.

WTAP is a voluntary, incentive-based program designed to help restore aquifers and streams in critical areas by retiring water rights. The Prairie Dog Creek Basin is significant in requirements to maintain compliance in the Republican River Compact with the State of Nebraska. The "high priority" areas of this basin in Phillips, Norton, Decatur, Sheridan and Thomas counties have been determined to be in need of stream restoration and aquifer recovery and are now closed to further water appropriations.

Applicants who are selected for WTAP grants are compensated by the department's Division of Conservation in exchange for the permanent retirement of water rights on irrigated land. Priority is given to retiring water rights in areas that would have the greatest impact on the stream system. A fixed rate of \$2,000 per acre-foot of historic consumptive water use is available for eligible water rights to be retired. WTAP grants are approved on the basis of competitive bids.

To be eligible, water rights must be in good standing with the department's Division of Water Resources. Dryland farming is permitted after a water right is retired. Limited irrigation can also be temporarily allowed to establish a permanent cover on the land being transitioned from irrigation. Partial water right reductions will also be considered for retirement grants.

For more information, contact Steve Frost, water conservation program manager, at (785) 296-8964 or Steve.Frost@kda.ks.gov. WTAP rules and regulations, applications, maps and other details are available on the Kansas Department of Agriculture's Division of Conservation website at <http://www.ksda.gov/doc?cid=1941>.

Information and assistance is also available on the Kansas Department of Agriculture's Division of Water Resources field office in Stockton at (785) 425-6787 or at the Northwest Kansas Groundwater Management District No. 4 in Colby at (785) 462-3915.

## Be smart about your health! Schedule a yearly mammogram.

*"Be proactive in getting a yearly mammogram. Don't put it off!"*

-Pam Wolford

Pictured (left) with her mother, Linda Linke

As teachers, Pam Wolford and her mother Linda Linke have taught generations of students to be smart about their study

habits. As mother and daughter, they want you to be smart about your health, too.

When Linda's breast cancer was diagnosed in 2001, her daughter, Pam, learned that family members have a higher-than-normal chance of getting the disease. That's why Pam gets an annual mammogram. Cancer-free for 11 years, Linda recommends every woman schedule a regular mammogram.

Early detection is crucial in the fight against cancer, and Community Hospital is proud to be accredited with the American College of Radiology.

To schedule your mammogram, call 308-344-2650 today!

**AUCTIONEER NOTES:**  
"Binks" as Wesley Whitney was lovingly called by his friends was a person who could tinker and get most anything to run! This farm sale includes items he planned to use, the items he made to run and the tools he used. It will be an all day event with two rings most of the day. There will be several trailers full of small items. We will move right along! Don't miss this sale and come to bid and buy these items offered by the Whitney children!
