

OBITUARIES

Caryl Joyce Cullen

March 7, 1929 - Sept. 4, 2013

Caryl Joyce Cullen, daughter of Hubert and Justine Capellman, was born March 7, 1929, in Chicago, Ill., and passed away at the Norton County Hospital on Sept. 4, 2013, at the age of 84.

Caryl grew up in Chicago and graduated from high school. She married Artie Francis Cullen and they made their home in Las Vegas, Nev., before moving to Norton in the early 1990s. Her husband, Artie, passed away Jan. 20, 1998.

Caryl was a member of the Eagles Club and the Red Hat Ladies. She greatly loved her family, especially her grandchildren.

Survivors include: four daughters and their husbands, Clarice and Rick Hardiek, Norton; Mary and Frank Nau, Des Moines, Wash.; Patti and Henry Menko, Las Vegas, Nev.; and Nancy and Keith Lewis, Brattleboro, Vt.; one sister, Jeanine; six grandchildren and three great-grandchildren; other relatives

and friends.

Caryl was preceded in death by her parents, her husband, and one son, Charles.

Funeral services will be Wednesday, Sept. 11 at 2 p.m. at Enfield Funeral Home, 215 W. Main in Norton.

Memorial contributions are suggested to the Caryl Cullen Memorial Fund.

Condolences may be sent to www.enfieldfh.com.

Arrangements are by Enfield Funeral Home of Norton.

Nadine Oberkrom

Funeral services for former Lenora resident, Nadine Oberkrom, age 84, of Woodland Park, Colo., will be held Wednesday, Sept. 11, 2013, at 10 a.m., at the Enfield Funeral Home in Norton.

Burial will be held in the Lucerne Cemetery in Lucerne, Kansas. Friends may call at the funeral home on Tuesday, Sept. 10, 2013, from 3 p.m. until 8 p.m.

A memorial has been estab-

lished to the Nadine Oberkrom Memorial Fund.

Arrangements are with the Enfield Funeral Home in Norton and condolences may be sent to www.enfieldfh.com.

Husker Harvest Days set for Sept. 10-12

A popular event at recent Husker Harvest Days is the Ride 'n' Drive. Husker Harvest Days visitors will be able to put pickups and UTV's through different Ride 'n' Drive courses. Company representatives will be on hand to answer questions and point out the unique features of their equipment.

Yamaha, Ram and Honda are participating in the Ride 'n' Drives. They will be located south of the south tram road in from the parking lot, just east of exhibitor parking.

There is no extra cost to participate in a Ride 'n' Drive. Hours for the Ride 'n' Drives are the same as the show hours - 8 a.m. to 5 p.m. on Tuesday and Wednesday, 8 a.m. to 4 p.m. on Thursday.

Plan to attend

Husker Harvest Days, set for Sept. 10, 11 and 12, is located west of Grand Island, 1-1/2 miles north and 2 miles west of Alda in central Nebraska on Husker Highway. Adult tickets are available for sale on the Husker Harvest Days website and at the show gates. For additional information, and discounted advance adult tickets visit www.HuskerHarvestDays.com. The public is welcome. **General Husker Harvest Days information**

The show is recognized as the world's largest totally irrigated working farm show and features the most extensive state-of-the-art information and technology available for today's agricultural producers. Its field demonstrations and crop technology exhibits are geared to Nebraska and western Corn Belt agriculture.

The country's top agribusinesses, plus many regional and local manufacturers and suppliers, are exhibitors. The crops produced on site for field demonstrations and crop culture exhibits are under various center-pivot and lateral-move sprinkler irrigation systems and feature additional irrigation products and configurations. Many of these systems are demonstrated during the show. Livestock producers and ranchers at Husker Harvest Days have an opportunity to visit with livestock company representatives, breed associations ambassadors and watch several different demonstrations.

Dedicated livestock area at

show

Located at the corner of 8th Street and West Ave. in the northwest corner of the Husker Harvest Days show site, the Livestock Industry Building is home to cattle handling demonstrations.

Cattle handling demonstrations

Cattle handling demonstrations will be held at 10 a.m. and 2 p.m. These demonstrations highlight side-by-side comparisons of various manufacturers' squeeze chutes and cattle handling systems and information on advances in vaccination and implanting devices.

Equipment, health, feed and breeds

Comparison of squeeze chutes isn't the only cattle-related activity at this corner of the HHD show grounds. In the west end of the cattle-handling building, livestock animal health companies, feed companies and other livestock exhibitors will have booths. Outside, will be exhibitor lots in which manufacturers of fencing materials, livestock waterers and haying equipment are located. This is also the area of the show grounds where multiple breed associations will provide information for visitors and have displays.

Stock dog training demos

Stock dog demonstrations are being welcomed back to HHD. Members of the National Cattle-dog Association will be present-state demonstrations four times daily at Husker Harvest Days - 9 a.m., 11 a.m., 1 p.m. and 3 p.m. Demonstrations will vary from young inexperienced dogs to seasoned older dogs to give visitors an idea of the training involved. Stock dog demonstrations will be located north of Flag Row.

Horse training demos

Lifelong horseman and rancher Ron Knodel returns to demonstrate his techniques and share his wild horse gentling philosophies. Knodel's demonstrations begin at 10 a.m., 1 p.m. and 3 p.m. daily in Lot 1054. Working with the Bureau of Land Management, Knodel's demonstrations entertain as much as they inform.

Equipment in action during Husker Harvest Days field demonstrations

Manufacturers of farm equipment show their best for farmers during field demonstrations held

at Husker Harvest Days.

A tradition at Husker Harvest Days since its inception 36 years ago, field demonstrations give farmers opportunities to see the biggest and the best machinery compete side by side.

Demonstrations planned for this year include corn combining, tillage demonstrations, haying demonstrations and precision farming demonstrations, where the newest technologies in agriculture will be on display.

Demo schedules at a glance

Corn combining demonstrations run each day from 11 a.m. to 1 p.m. in Fields 1, 2 and 3. Field preparation equipment will follow the corn combines in the same fields. These demos run from 1 p.m. to 2:30 p.m.

The latest combines and corn header debuts

All the major combine manufacturers are slated to participate in the demonstrations. Geringhoff will have its North American in-field debut of their future concept corn header at this year's HHD. Their Independence prototype features advanced, corn harvesting technology designed to harvest any planting configuration or any density with row independent capability.

Tech and Ride N' Drive

Regardless if you are in the market for auto-steer equipment or a GPS receiver, companies will be allotted areas to showcase their brand of precision equipment. The Ride N' Drive area is located on the south side of South Tram Road, between the parking lot and show site and is open from 8 a.m. to 5 p.m. each day except Thursday when it shuts down at 4 p.m. Ram, Honda and Yamaha will participate the the Ride N' Drive events.

Hay demos

Haying demonstrations will again be a highlight at Husker Harvest as well. Mowing, raking, baling and hay handling demos are planned. These demonstrations run each afternoon from 2:30 to 4 p.m.

Lawn mower demos

Every farm, large or small, needs at least one lawn mower. visitors will have a chance to check out various makes and models while at Husker Harvest Days. Mowing demonstrations run from 1 p.m. to 2 p.m. each day of the show.

Too cute for words!

The Norton Archery Club and Norton Longspur Chapter Pheasants Forever hosted a youth archery shoot on Saturday at Prairie Dog State Park. (Pictured) Kendra Baker helps Campbell Kleinschmidt, who tries with all her might to draw back the bow. There were several kids on hand, and everyone had a good time.

Work begins to repair U.S. 183 in Rooks County

On September 4, crews began performing some maintenance repairs on a section of U.S. 183 in Rooks County.

The work zone is located just north of the U.S. 24 junction in Stockton. Local utility crews will be repairing a water line while KDOT crews help flag traffic within the work zone.

The northbound lanes will be closed and all traffic will be restricted to one lane in each direction, utilizing the southbound lanes. Traffic will be controlled by temporary traffic signals. Delays should not ex-

ceed five minutes; but the public should plan their travels accordingly. The speed limit will be reduced through the construction zone. Please pay attention to the signs and workers within a construction zone and "Give 'Em A Brake!"

Weather permitting, the highway should be re-opened to nor-

mal traffic by September 24.

For questions concerning this project, please contact KDOT Area One Superintendent Rod Bencken at (785) 543-2163 or bencken@ksdot.org; or KDOT Northwest Kansas Public Affairs Manager Kristen Brands at (785) 877-3315 or kristen@ksdot.org in Norton.

For help with your advertising needs please give Dana a call 877-3361 email: dpaxton@nwkansas.com

Training available for problem solving in the workplace

One of the most effective skills any supervisor or staff person can utilize is the ability to successfully diagnose and solve problems. Unfortunately, many workers have never been trained properly to solve a problem, and as a result inadvertently create new problems or allow real issues to go unresolved. Enjoy a day from the office and an opportunity to draw on the experience of a successful business professional. Someone who is not only knowledgeable, but dedicated to helping profes-

sionals develop creativity and problem solving skills.

The instructor for this class will be John Mulvaney, MA, Private Mgt. Consultant & Staff Developer.

This eight hour CE class will meet from 9 a.m. - 5 p.m. on Monday, Oct. 7, 2013 at Cloud County Community College/ Geary Campus, 631 Caroline Avenue, Junction City, KS.

For further information or to pre-register, please call 1.800.729.5101, ext 370 or 785.243.1435, ext 370 at Cloud

County Community College.
