# Manager of the year!

Wendy Reedy, manager of the Love's Travel Stop at 303 W. Holme St., in Norton, has been named the 2013 Love's Sub Manager of the Year. This is the second year that this award has been given, and this is Wendy's first time winning it, even though she has won other manager of the year awards in the past. Wendy has been the manager at Love's for 12 years and manages 10 employees. "I intend on being here for a while," said Reedy. "I like what I do." Wendy has two sons, Tyler and Corey Rutherford, and is married to Steve Reedy, who works for the City of Norton's street maintenance crew.

## Slow cooking made easy and safe

It's almost like coming home and thinking someone else cooked for you while you were away - that aroma from a meal that's been cooking all day in the slow cooker. Also known by their common brand name of Crock-pot, slow cookers can simplify meal preparation, and following a few steps can ensure that the meal is cooked properly and safely. Using a slow cooker can lower electricity use and keep the house cooler than using the stovetop or oven during warm weather also.

Slow cookers are a great way to prepare a delicious hot meal on a more flexible preparation schedule, which works well for many people, including families with young children.

Here are 10 tips to keep in mind while using slow cookers:

- 1) Keep perishable foods refrigerated until preparation time.
- 2) Make sure hands, utensils and work surfaces are clean.
- 3) Thaw meat completely before adding it to the slow cooker. It's okay to cook large cuts of meat and poultry, as long as it is

ucts have reached a safe temperature.

9) Put leftovers in the refrigerator in a shallow container. They will cool faster than if you put the crock itself in the refrigerator.

10) Don't use a slow cooker to reheat leftovers.

If you would like more slow cooker information, please feel free to contact your local K-State Research and Extension Office or contact Tranda Watts, Multi-County Extension Specialist - Food, Nutrition, Health and Safety at [twatts@ksu.edu](mailto:twatts@ksu.edu) or call 785-443-3663.

thawed. Check the slow cooker instruction book for suggested maximum sizes of meat and poultry to cook in the cooker.

4) Preheat the cooker (be sure it is plugged in and turned on).

5) Fill the cooker 1/2 to 2/3 full. Liquid should almost cover any meat or poultry that is used. Start with hot liquids if possible.

6) If possible, turn the cooker on the highest setting for the first hour or two of cooking time and then to low if desired. Don't use the "keep warm" setting for cooking - only for keeping food warm.

7) Keep the lid in place as much as possible while cooking to keep the heat and steam trapped in the cooker.

8) Before eating, use a food thermometer to ensure the prod-
