As the Hot, Summer Weather Approaches, please keep these tips in mind as you head outside.

- Avoid unnecessary sun exposure, especially between 10 a.m. and 4 p.m., which are the peak hours for harmful ultraviolet (UV) radiation.
- When outdoors, use sunscreens rated SPF 15 or higher. Apply frequently.
- When exposed to sunlight, wear protective clothing such as long pants, long-sleeved shirts, broad-brimmed hats and UV-protective sunglasses.
- Teach your children good sun protection habits.

More than 90% of skin cancers are the result of sun exposure. Unprotected sun exposure is even more dangerous for kids who have many moles or freckles, very fair skin and hair, or a family history of skin cancer.

Think Prevention! Before the kids go out in the sun, remember, "Slip, Slap, Slop!"

Slip on a shirt  
Slap on a brimmed hat & sunglasses  
Slop on sunscreen
