Cheylin sixth graders shared past memories of Christmas

My favorite Christmas was when I received *Harry Potter and the Goblet of Fire*, game. When we played the game, it was fantastic.

The game was three players; you could be Ron, Hermine, or Harry. There were new spells.

We played it all Christmas, and we all had such a great time.

Zack Els

My favorite Christmas was one year ago when a lot of my family came to Bird City for the first time. We all had a good meal at the dinner table. Because of that, that was the best Christmas ever.

Blaine Burns

My favorite Christmas was last year. Last year for Christmas my family and I went down to the creek to get our Christmas tree.

On Christmas day, first I opened my gift from Santa. From Santa I was given a CD player. After we opened all of our gifts from home, my family and I went down to my Grandma Pochops house. All of my dad's brothers and sisters came to celebrate Christmas with us.

So that is why it was my favorite Christmas.

Ellie Pochop

My favorite Christmas was one morning my sister and I woke up and raced down the stairs; it was snowing. We looked at our stockings and saw they were packed full of toys.

I received a Video Now and a spy pack as gifts (to name a few).

We had our whole family over for dinner and games. I wasn't happy when everyone left. But everyone has to leave sometime.

Connor Hazuka

My favorite Christmas was last year. The reason is because that was the year that some of my family members were home.

And also that year was the year that we had received a lot of snow.

But what I got for Christmas was my favorite thing of all. It was when I received my gift an ATV.

This was my favorite Christmas.

Ty Carmichael

My favorite Christmas was when I received

a remote control car. This was when I was five years old.

Another fun Christmas was when I stayed at my grandma's house. I thought I would never get to stay at my grandma's for Christmas. It was like a wish coming true.

Martin Veleta

My favorite Christmas was a Christmas party at Grandma's! Our family went to our Grandma Marilyn's house; Mom, Dad, Danny, Eddie (me), Allie, Tommy, Jessie and Josie.

It's not the present's, it was seeing our whole family, Dad's brothers and sisters were there with their children.

We ate and played card games pretty late. Then we all went home for Christmas was that morning.

Eddie Frisbie

My favorite Christmas would have to be when we had a big Christmas tree. Ornaments completely covered it.

My entire family was there to celebrate Christmas with us.

We had a nice big meal and tons of presents. We were able to play with my cousins.

There was two feet of snow, just perfect for sledding, and everyone having a great time was a lot of fun.

That was my favorite Christmas.

Walker Janicke

My favorite Christmas was when we went to my Aunt's and Uncle's. When we got there we played some board games then we pulled taffy. We made peppermint, chocolate nut, and vanilla nut.

Then we ate supper and cake. Last but not least, we opened presents and went home.

Casey Vandike

My favorite Christmas was last year.

It was my favorite because almost our whole family on my mom's and dad's sides were at our house; Mostly my mom's side. The fun part was that after we opened presents and had the dinner, it started to blizzard the next morning. So almost everyone was stuck three more days at our house. After the blizzard my cousins and I went sledding down at our farm.

It was the best Christmas I've had.
