Swim team goes to Wray for third summer meet

The Saintry Sharks drove to Wray, Colo., Saturday, June 14, for the third meet of the season.

"Small, but mighty was that group of swimmers, scoring 64 teams prints. Wow," said Coach Margaret Poling. "Every Shark contributed something."

"It was a long hot day and the sun tried to zap our energy - shade and liquids seemed to be the only way to get through the last several events."

"Events number from one to 86 and we have swimmers in one and in 86 making it a long day."

"This week we were able to move up relay swimmers and although we only took 10 Sharks we had four relays. This always makes the meet fun for the swimmers."

Outstanding swimmers this week include:

"Derek Queen placing in all events and moving up to swim against the 15-18 years olds for the relays and keeping up;

"Mandi Cooks participating in her first individual medley where she has to do one length of the butterfly, one length of the backstroke, one length of the breaststroke and one length of freestyle. She has never done a

100-yard race or the breaststroke in competition so just getting through without disqualifying was amazing and she got third.

"Amber Smull improved on all three of her times in all three of her events including 4 seconds in the backstroke."

"Chloe Miller had her first placement in the backstroke."

"Once again we appreciate all the parents and swimmers who helped with Bike Across Kansas making that a great event for us."

"This week we are working on 'catching the water' (ask a Shark what that means)," said Coach Poling.

"We will travel to Colby this week so come to the races, watch the kids, get a tan, learn something new."

Results from the Wray meet include:

Cassie Cooks, 8-and-under, 9/10 100-yard mixed free relay, fourth; 9/10 100-yard mixed medley, fourth.
