Fifth graders learn lesson

On Friday, Lynette Nolan's fifth grade science class had an egg

The drop was to test the scientific principles which included gravity.

The first task the egg had to go through without breaking was from the top ladder to the floor in the classroom, then they dropped the packaged egg from the top of the tornado slide on the playground and finally, the roof of the school.

Maintenance men, Marlin Queen and Carl Jenkins, climbed to the roof of the grade school and tossed each carefully packaged raw eggs to the ground. Some were taken a little further by the wind, some went slowly down as

Cookin' with Peg-

By Peggy Horinek phorinek@nwkansas.com This time of year with graduations and end of school parties, cookies can come in handy. Sometimes you just don't have the time to make cookies from scratch and buy and bake cookies are rather expensive. This is a

quick, but good cookie recipe. Salads are good any time of the year, but especially in the summer. The following dressing recipe came from a friend of mine in Holyoke, Lynn Ferguson. It is the best blue cheese dressing I have eaten. It is also good with

Cake Mix Cookies 1-box cake mix (any flavor)

2 eggs

1/2 cup oil

Mix ingredients in large bowl. If too thick, add a tablespoon of water. Drop by tablespoons onto ungreased cookie sheet about two inches apart. Bake at 350 degrees 6 to 8 minutes.

Add in's: If you're using a chocolate cake mix, add chocolate chips, white chocolate chips and nuts. With a lemon cake mix, instead of adding water, add a tablespoon of lemon juice. These

also good iced. Let your imagination go!

Blue Cheese Salad Dressing

2 cups mayo

1 cup sour cream 1/4 cup vinegar (cider or

white) 1/4 cup fresh parsley

1 garlic clove, crushed

1/2 tsp. ground mustard

1/2 tsp. salt

1/4 tsp. pepper 4 oz. crumbled blue cheese

Place all ingredients in blender, cover and process until smooth. Store in refrigerator.

Business Card Directory

Maverick Drilling, LLC recently began operations to provide contract drilling services to the state of Kansas and northern Oklahoma. Maverick Drilling President Jack Goss said the company will operate one rig in central Kansas and the second in the southern part of the state. They also have plans to roll out one or two additional rigs as market conditions allow over the coming months. According to Jack, Maverick Drilling's investor group feels that the worst of the recent decline in the oil and gas business is behind us and that significant upside potential will again exist for quality service companies in the business. Maverick Drilling's corporate office is located in Wichita in the Center Point office building at 100 S. Main Ste. 440. For quotes Jack may be reached at 316-262-6700 voice, 316-262-6706 fax, and 316-295-9646 cellular, also by email at jackg@mavdrlgks.com. Maverick look's forward to providing quality drilling services to the oil and gas operators of Kansas.
