Educator's awards
The Haigler community recognizes Dundy County Stratton Public School teacher, Julie Burrell, for receiving the 2010 "McCook Area Educator of the Year" award.

The community would also like to recognize Haigler Elementary teacher, Cindy McVicker, for being one of the nominees for the award.

The community nominations of these two teachers clearly indicates the quality of excellence in teaching the schools in Dundy County.

Cat Assistance Program
Last week, the McCook Daily Gazette published an article in their "Whiskers, etc." section of the newspaper, on the Haigler Street Cat Assistance Program, and ran a picture of "Baby"...one of the street cats in the program. Now in its second year, this program is attempting to control and manage the population of street cats in Haigler.

To date, 17 street cats have been live-trapped, transported to a vet clinic to be spayed/neutered, vac-

inated for rabies, returned and released. Long term, the street cats of Haigler will be healthier, and their numbers greatly reduced.

Birthday celebrations
Marv and Mary Ann Carlock of Laird, Colo., hosted a noon dinner for family members Jr. and Sandy Magley of Bird City; and Stan and LaNeta Carlock of Haigler. The occasion was to celebrate Mother's Day and the birthdays of Sandy and LaNeta.

Stan and Galena Webster were hosts to a "sister birthday celebration" on Mother's Day evening.

It has been tradition for many years for sisters, LaNeta Carlock and Myrna Mulligan, to celebrate their May birthdays together. Sister Galena continued the tradition of baking their Mother's recipe for a favorite chocolate cake and homemade vanilla ice cream. Others attending were Charlie Mulligan, Stan Carlock, Darrell Webster and his friend, Lisa.

Area students receive scholarships

Seniors from Cheylin High School and St. Francis Community High School are among the students who will receive one of the 167 scholarships given by the Pete Henry Foundation. This is the sixth year that the foundation is giving renewable scholarships.

Scholarships range from students who will receive \$1,500 each semester for eight semesters, to students who will receive one-time scholarships for \$2,500, \$2,000, \$1,500, \$1,000 or \$750.

The Pete Henry scholarship was created through the generosity of Pete Henry who was a farmer for many years in the Brewster area. Pete had an inquiring mind and knew the value of hard work, thrift and good management.

He was born in 1910 and was raised on a farm near Campbell, Neb. His mother died when he was 13 and his immediate responsibility was to care for and manage the household for his four younger brothers and sisters while his dad struggled to earn a living. Pete left Nebraska for California when he was 21. Times were hard. He slept in cars, washed dishes for food and eventually rented a garage for \$6 a month to sleep in.

He signed on with the Civilian Conservation Corps forest service to harvest trees and build roads. The forester recognized Pete's innate engineering talent and assigned him the responsibility of being the librarian where he immersed himself in a surveying course. He became the head of the surveying crew which built many roads and

fire lands in the Sierra Nevada Mountains.

Later in the 1930s, Pete was hired by Douglas Aircraft Company to work in the engineering department designing and constructing fighter planes. All of this was accomplished with only an eighth grade education.

The 1940s, found Pete in and out of the Army Air Corp where he was flight engineer of the B-17, B-24 and B-29 aircraft. He also participated in top secret training, with some of the airmen from his base being the ones that dropped the atomic bomb.

In 1949, Pete rented ground south of Brewster from former neighbors in Nebraska. Pete, always the keen observer, adapted his Nebraska farming experiences to western Kansas. He never farmed prime cultivated land: he saw each acre as unique and managed each type of soil differently to achieve maximum productivity. He watched his neighbors and learned from their successes and mistakes, managed his money frugally, investing in good machinery and income-producing assets but lived a spartan life himself. He provided essentially all the labor on the farm until he was 88-years-old and, until his death in 2002, made all the management decisions.

His dream was to assist local students to further their education. He established a foundation to award academic and technical training scholarships to self-starting, determined individuals with leadership and work experience from Cheyenne, Decatur, Gove, Logan, Rawlins, Sheridan, Sherman, Thomas and Wallace counties.

He hoped to give others the opportunity to fulfill their dreams.
