David Butler, pastor of the St. Francis Community Church, has opened an office at 114 E. Washington, St. Francis.

Pastor Butler said he had an office in his home but there were always interruptions and if he was counseling a client, it was inconvenient.

When Western State Bank, formerly at that location, opened the doors in the new facility, the old office was available. He moved in on July 1.

The office has been tastefully decorated with a hint of "Texas" around to remind him of his home state. What is nice, Pastor Butler said, is the office has a rear entry for those not wanting others to know that they are be-

ing counseled.

Since I have opened the office, he said, there have been a number of people coming and I have had a chance to minister to them. I love being available to the community and that is the way it should be.

"My goal has always been to make a difference in people's lives," he said.

Office hours and days are Tuesday through Friday, 9 a.m. to 5 p.m. but, he said he is always available if someone needs him. His phone number is 1-785-332-3150; e-mail is davidbutler77@mac.com.

Pastor Butler with his wife Jackie and two sons moved to St. Francis in January 2006. The St. Francis Community Church is located at 204 W. Quincy.

Entertainment set for 2010-11 season

'Tis the season to again be joining the Western Plains Arts Association season ticket holder list! The Arts board members have been busy scheduling an A-list of performances for your enjoyment for the 2010-2011 year.

Season ticket prices will once again remain the same as these part several years. These "bargain" prices would only buy you one or two concerts in most Denver or larger city venues, and these tickets provide you with at least 15 performances with not near as much travel involved.

In an era of many cutbacks, the association's board members hope everyone will appreciate the value of supporting the Western Plains Arts Association with sponsorship or membership. For additional information or to become a member or be a sponsor, call Joan Albers at 460-6448, Carol Rahn at 462-6342, or Pat Ziegelmeier at 462-7808, or Amie Kendrick, 460-3837. Mr. and Mrs. Don Webster

60th anniversary open house Aug. 1

The family of Don and Joann Webster are hosting an open house to celebrate their 60th wedding anniversary from 2 to 4 p.m. on Aug. 1 at the Legion hall in Haigler, Neb. Cake and punch will be served. Please no gifts.

Bluegrass entertainment planned

The 9th Annual Haigler Bluegrass Breakdown will be held from noon to 4 p.m. on Sunday, Aug. 8 at Haigler Village Park.

The Chapman's from Ozark, Mo., will be returning as the featured band. The McLemore Family from Colby will also be returning making for a wonderful afternoon of bluegrass music.

Once again, the event will be held in shaded Village Park. Keeping with tradition, the boot will be passed for free-will donation. This year's proceeds will go toward continuing Village improvements and maintaining the Haigler Improvement Committee scholarship. Food will be provided by local church and youth groups and will be available throughout the day.

In the past, the Haigler Improvement Committee has as-

sisted in raising \$20,000 for safe, new playground equipment, raised money for new Christmas lights for the Village, and established a scholarship for deserving students from Dundy County. Recent improvements have been made to the gazebo and park area on Main Street.

"Welcome to Haigler" banners were up for display last year, and the committee is currently working on finishing the gazebo project with a new picnic table!

The Chapmans' transcend the "family bluegrass band" label with a solidly rooted style and an abundance of major league talent."

The Chapman brothers, Jason, Jeremy and John, and dad, Bill, are a first generation bluegrass bloodline. "Grown Up," their Compass Records debut, is dominated by ballads, bitersweet tales of lost love and stories of murder, with guitarist John's reedy tenor providing the plaintive lead vocal amid soar-

ing harmonies," says journalist Don McLeese.

"Like so many within the emerging generation of bluegrass artists, The Chapmans sidestep the show-off strain of technical virtuosity as they employ instrumental arrangements that enhance the song rather than overpower it."

Originally from Colorado and now based in Springfield, Mo., The Chapmans, albeit a young band, have been touring for more than two decades.
