City wide cleanup set for Oct. 20

By Karen Krien

karen.k@nwkansan.com

Fall is officially here and people are cleaning yards, sheds and homes, getting ready for the cold winter months. The city council and crew are offering a great deal for getting rid of all that "stuff."

A city cleanup is set for Wednesday, Oct. 20, but there is a deadline of Oct. 14 for residents to call the city plant, 332-3031, to make arrangements for their pick up. The nice thing about this cleanup is, it is free.

Anyone calling after the Oct. 14 deadline will need to wait a year until the next fall cleanup. Those calling too late last fall and still have items to be picked up need to call again before the deadline.

Without a call, the city crew is not authorized to pick up items, even if they are beside the trash container.

Items to be hauled away must be accessible. That is next to the alley or street; not behind fences, bushes, utility meters or poles.

Mixed piles cannot be picked

up. People must sort items into separate piles of metal, tires, concrete, furniture and lumber too large to go into trash containers, and tree branches.

The sorting of the materials is necessary because one of the goals of the cleanup is to decrease the rate the solid waste pit fills up and to recycle as much as possible.

The city no longer is able to pick up chemicals, paint, batteries, yard waste or any petroleum products.

The city cleanup is for household cleanup for residents only. Contractors or citizens who have done construction, demolition, remodeling or renovation are expected to haul materials to the landfill. The city crew reserves the right to refuse to pick up on site.

The cleanup will require several days to complete so those who are expecting their items to be hauled away need to be patient.

The city council is encouraging citizens to take this opportunity to make the city an even more beautiful place to live.
