Council agrees to send proposed letter concerning trash pick up

By Karen Krien

karen.k@nwkansas.com At the Monday, Feb. 14, meeting, the St. Francis City Council agreed to send the proposed letter the audience. concerning trash pick up.

J.R. Landenberger, trash truck was traveling several miles outside the city limits to pick up trash. While they were being charged a rate, it was not covering the cost.

Last month, he proposed that the council begin charging the new rate to the people who are not on city utilities. The rate it based on time spent by the city workers to drive to their home plus the distance from town. The basic rate per week will be \$23 plus \$10 a mile to pick it up.

Those receiving the letter will have until March 15 to call the pick up with the city.

Health insurance

Charles Krull, representative for Blue Cross Blue Shield, the city's health insurance company, talked about the changes in insurance for the city. He stated several times that the future of health insurance was still unknown.

They discussed several options but, finally tentatively decided, for the coming year, they would not make any changes.

The city has a \$250,000 cap on the insurance. This insures that the insurance premiums will not go over that amount.

Every year, Carla Lampe, council woman said, we need to joining the group that will be evaluate the insurance plan. They finally tabled the matter until the next meeting on Monday.

Also present for the insurance presentation were Ernie Ketzner and Dale Patton, county commissioners.

Theater update

Supertendent's report

The Holcomb plant which provides power for the city had recently had an 8-hour outage. At that time, Superintendent Landenberger reported, the city had generated its own energy.

He was still talking about doing a study concerning the requirements being made on power plants all over the country. Mr. Landenberger said there will be a contractor in the area who can do a test on the omissions

in the power plant engines. The cost will be \$3,000 to \$5,000 The council signed a 10-year and, even though it is expensive, Monday at city hall on Washington contract with RealD, a company Mr. Landenberger suggested that Street.

 Superintendent Landenberger said he had talked to Dave Flemming, county road and bridge department superintendent, about work to be done at Keller Pond, northwest of St. Francis. Mr. Flemming said he is still looking for long bridge planks for a crossing. A grant is also being written for fencing.

 Clerk, Mary Lampe, said chairs are needed for the Scout Hut. There are some old chairs at the city office and the council approved that they be given to the Scouts

• Shane Guggenmos, police chief, asked about purchasing boots for officers. The city, as required by law, provides uniforms for officers. The city will get some comparisons before making a decision.

Next meeting

The next city council meeting will be held at 7:30 p.m. on

DOES PRAYER MAKE A DIFFERENCE?

One of the greatest revivals in history was the Welsh Revival of 1904. The Welsh Revival began at a youth meeting in Evan Robert's church when he shared his experience with God. For the next nine months 100,000 people were converted in the tiny country of Wales. God is good and awesome!

JESUS, OUR EXAMPLE. Jesus is our great Model in intercession. He regularly retreated to a quiet place to pray. He sought God for strength to meet the challenges of the day. Mark 1:35 says "Very early in the morning, while it was still dark, Jesus got up, left the house and went off to a solitary place, where He prayed". If Jesus, the divine Son of God, understood that prayer is a necessity, don't we need prayer much more in our own lives? "Jesus often withdrew to lonely places and prayed" (Luke 5:16).

Prayer was not something Jesus did occasionally when a need or problem arose. Prayer was a vital part of His life. It was the key to staying connected to His Father. He came from these prayer sessions with a spiritual freshness and deepened commitment to do the Father's will. Jesus radiated the strength that comes from moments in God's presence through prayer. Read Luke 9:29

OUR PROBLEM is we are too busy to pray, and so we are too busy to have this same power which Christ had and wants us to experience. "We have a lot of activity, but we accomplish little; many services but few conversions; much machinery but few results" (Quote from R.A. Torrey)

Jesus was never too busy to pray. His schedule was never too packed to the point that He didn't have time to talk to His Father. He was filled with power because He took time to pray. How is your prayer life today?

Do you have problems in your life that seem insurmountable? Do you know someone who is discouraged? Do you have friends or family who do not know God?. Try changing your schedule to allow more time (quality time) to talk to God. God wants this "prayer relationship" to happen daily- do we? For more free information on "Your Prayer Life" write to: DISCOVER, BOX 885, SAINT FRANCIS, KS 67756
