MARIE HOLZWARTH and Gerald Wright read at the Rough Writers reading in the Old Country Church.

## Rough Writers read for audience

About 30 people gathered Sunday afternoon, Aug. 5, at the Old Country Church for an hour of listening to some Rough Writers, a local group of writers, and other writers from the community read their creative works or memoirs. Marsha Magley surprised her sister, Shirley Watson, by serving birthday cake and ice cream to celebrate Shirley's 75th birthday.

Readers included Gerald Wright and Ethan Young of Bird City; Jessica Turner of McDonald; and

Marsha Magley, Dianna Padgett, Marie Holzwarth and Joy Fisher of St. Francis. Pastor David and Lucille Rossbach also read selections from *Memories & Musings*, a book of writings by residents of the Good Samaritan Village.

The Rough Writers have been gathering monthly during the school year since September 2007. Their primary purpose is to encourage each other "to write and to keep on writing." Some also assist with monthly writing workshops at the Good Samaritan Village. Recently they published the book *Memories & Musings*, available through the Cheyenne County Historical Society.

These quarterly readings at the old church, located near the Cheyenne County Museum on U.S. 36, are sponsored by the Historical Society. The Rough Writers plan to host more readings on a quarterly basis. Call 332-8903 if interested in doing a reading or joining the Rough Writers.

## Crop deadline coming

The application closing date for certain crops under the Noninsured Crop Disaster Assistance Program is Sept. 1. Crops eligible for the benefits are limited to those not insurable in the county and are produced for food or fiber.

Dennis R. Mote, county executive director for the Cheyenne County Farm Service Agency, said Sept. 1 is the final date to pay the applicable service fee and obtain the program coverage for triticale, barley, rye and wheat for hay or grazing and triticale and rye for grain as well. Crops eligible for these benefits are limited to those not insurable "downtown" in the county, such as forage crops for livestock (mechanically harvested or grazed). Continuous Crop Wheat planted with the intention of harvesting as grain is not eligible for this assistance.

The administrative service fee is \$250 per crop per administrative county not to exceed \$750 per producer per administrative county and a \$1875 maximum fee for multi-county producers. Interested producers must pay the fee and file form CCC-471, Application for Coverage, by the application closing deadline.

This coverage entitles eligible producers to a payment of 55 percent of an average market price for the commodity if a natural disaster caused a 50 percent production loss or greater of an eligible crop.

In the event that a producer does suffer a loss on their particular crop, a form CCC-576, Notice of Loss, must be filed with Farm Service Agency within 15 calendar days after the disaster occurrence, or the date the loss becomes apparent to the producer.

Interested producers should contact the Farm Service office at 785-332-2183 prior to the Sept. 1 to obtain Noninsured Crop Disaster Assistance Program coverage on the above crops.
