### Thank You

Thank you to the Christian Church for the basket of cookies. The St. Francis Police Department

We want to thank the hospital staff for the excellent care they gave me and also Dr. Miller and her staff, while I was laid up. Also all that called every day to check on me, the visits, cards and the prayers sure made the days go faster! We are blessed to have an efficient hospital and live in a caring community. Thank you Willie and Patty Klie

Thank you to Kari Milliken for the chocolate cake. The St. Francis Police Department

We would like to express our deepest thanks to everyone who sent food, flowers, cards, memorials and offered words of sympathy during this sad time in our lives. A special thank you goes to Jill for organizing the luncheon, to Matt for being there when we needed him at the farm, and to Pastor Dennis for the beautiful graveside service for Mike. We will never forget your thoughtfulness. The Smull Family, Verda and Junior, Larry and Cindy and family, Tom and Sandy and family.

A most sincere thank you to family, friends and neighbors for the many, many prayers that were addressed to God, in Jesus name, on my behalf during my surgery, the long stay in the hospital and since coming home. The phone calls, flowers, food and the cards brightened my days. May God keep you and care for you. Minnie Busse

We wish to thank each and everyone who has been there for us through prayer, cards, donations, food and visits throughout Korbon's illness and death. A special thanks to Pastor Scott for the visit to Wichita and the service and to the Wesleyan Church women for the dinner after services. The town of Bird City is a very special place to live. The family of Korbon Russell

# New provisions for haying and grazing

Conservation Reserve Program (CPR) acreage has now been released for both haying and grazing," said Angie Bock, director of the Cheyenne County Farm Service Agency office. "New provisions now also allow Conservation Reserve Program participants to donate, rent or lease haying or grazing privileges, or sell hay to any livestock producer in need from an approved county," Director Bock said.

"Farm Service Agency will waive payment reduction fees for Conservation Reserve Program participants that donate hay or haying or grazing privileges to farmers and ranchers in dire need."

While this program is expected to help many livestock producers survive this severe drought, it may not be feasible for some. Producers must know the restrictions and regula-

tions up front. Director Bock encourages livestock producers to analyze how the new provisions will impact their individual operation before seeking approval.

Authorization for emergency haying and grazing has been granted through Aug. 31. Interested participants must contact the Farm Service Agency office at (785) 332-2183 for policies, limitations and necessary signatures before beginning any haying or grazing practice.

The United States Department of Agriculture is developing a website for producers to list information concerning the need for available hay. The website address will be <http://www.fsa.usda.gov/haynet>.

**Kids Sure Grow Up Fast.**

Before you know it, our kids are grown and raising families of their own. How valuable our memories are of their growing-up days. One way to keep those memories is through newspaper clippings, sports tabs, 4-H tabs and graduation tabs. When a Booster Ad or tab comes out, take note of the businesses or individuals supporting these memories and take time to thank them personally. Without their support *The St. Francis Herald* could not bring you these memories.

**Thank You Booster & Tab Supporters!**
