Eat to Beat the Heat

Cool salads are appealing during warm weather; to ease effects of soaring temperatures, here are some tips to help you eat smart:
 • Eat smaller portions.
 • Skip high-fat foods and sugary desserts.
 • Eat plenty of fresh fruits and vegetables.
 • Drink plenty of water.
 • Cook during the coolest part of

the day cover and refrigerate food to eat later in the day.
 • Taking your lunch? Don't leave lunch in hot car. Place insulated cooler in a shady spot. When temperatures are above 90 F, food left out more than an hour should be discarded.
 For more information on health and safety, contact the county extension office.
