**I found a quick and painless cure.**  
When I developed hemorrhoids, my doctor recommended Hemcure...the painless, non-surgical treatment method performed by M.D.s. It took only a few short visits to the doctor's office. And since no recuperation was needed, I could resume my normal activities right away.  
With Hemcure, curing my hemorrhoid problem was simple. Any cost, my insurance covered it.  
Hemorrhoids aren't the easiest thing to talk about. But listen, if you've got hemorrhoids, why suffer? Do as I did and call to find out more.

# Young Cougars shutout Coyotes

By Peggy Horinek

The Cheylin Junior High Cougars showed again that they do have what it takes by holding Weskan with a shutout of 46-0. Back-to-back shutouts by the defense with Josh Johnson, Chris Basnett, Lucius White, Sam Hengen, Nathan Ketzner and Aaron Linner paved the way for the Cougar explosive offense to work. The young Cougars had over 450 yards in offense with five big plays.

The first quarter had Hengen with a 56-yard run and Linner went in for two points. Hengen again ran in with a 4-

yard run, then Linner ran in with 68 yards and Ketzner made the extra two points ending the quarter at 22-0.

Second quarter Ketzner caught a 79-yard pass from Hengen for another touchdown and Linner went in for the extra two points, ending the second quarter.

The third quarter was scoreless but during the fourth quarter, Hengen had a completed 70-yard run with Ketzner making the extra two with a total score of 46-0.

"They close their season tonight at home against Grinnell which should be a good test for us," said Coach Dick Martoglio.

# Development program offered in St. Francis

A free introductory session to a unique personal development program will be offered at 2:30 p.m. on Sunday, Oct. 27 at the St. Francis Senior Center, 322 W. Washington. Anyone of any age or occupation interested in personal growth, relationship building and community development is welcome to attend an introduction to the Landmark Forum, a seminar offered in Denver and more than 100 other major cities.

Based in San Francisco, Landmark Education is an employee-owned company with 750 trained course leaders and 60 offices around the country. The popular life skills educational program is designed to enhance relationships, build confidence, increase personal productivity and improve the quality of life for the 125,000 people who attend annually. The program relies on life coaching and conversational approaches to help participants discover "blind spots" in their personal perspective, gain a new outlook and communicate more effectively.

"When I graduated from the University of Wisconsin, I was looking forward to having a career and a family, and I was looking for training in interpersonal relationship and communication skills that I didn't get in college," explains Heidi Waldron of Denver, who will be leading the introductory course. "Someone introduced me to the Landmark Forum, and I found it to be extremely valuable for my productivity, my relationships, finding a career I love, and designing a future that works for me

and for my family. I'm asking people to come and see if the Landmark Forum would make a difference for them as individuals and as members of their families and communities."

The Landmark Forum introduction lasts 2 1/2 hours. Ranch Foods Direct will sponsor a meal following the event. Owner Mike Callicrate participated in the Landmark Forum last year. For more information about the program, talk to him or visit the company's website at [www.landmarkeducation.com](http://www.landmarkeducation.com) or call the Denver office (303) 779-4774. Future 3-day Denver seminars will be offered starting Nov. 22, Jan. 10 and Feb. 14. There is a cost of tuition.

# CO-OPS ... Helping You Solve the Puzzle

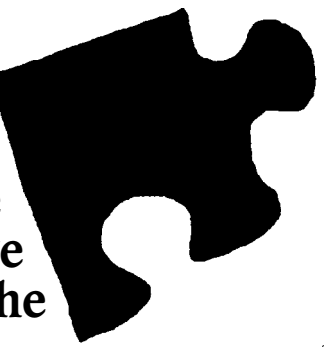

# COOPERATIVES

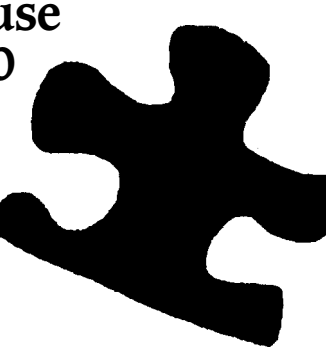

## Businesses People Trust

When folks have a problem, they often find the best solution by working together. That's what cooperatives are all about.

A cooperative business belongs to the people who use it — people who have organized to provide themselves with the goods and services they need.

All across America, 120 million people are solving problems and enjoying a better life because of their co-ops. People have formed 47,000 co-ops for farming, banking, housing, child care, health care, electric and telephone service, food retailing and other goods and services. They trust their co-ops to help them find solutions.
