

# Those who served our country —

For several weeks, the *Herald* and *Times* staffs have been asking that those having served, are now serving or know of those who have served their country in the U.S. armed forces to please call or write, giving the names, years in the service and branch of the service. The response was overwhelming.

"Information came in from all over -- so much that we decided to postpone the publication of this special issue a week," said Karen Krien, publisher.

The staff realizes there may be mistakes, names that were unintentionally omitted or people who planned to submit a name but forgot. In order to cover these issues, there will be a column in *The Saint Francis Herald* and *Bird City Times*.
