

# Hunters education course to be offered in August

According to the law, people who are 27 years old or younger and want to hunt must carry a certification card along with their hunting license. Certification cards can be obtained only after the individual has completed a hunter education course and all hunters who were born on or after July 1, 1957, must complete the course.

There is only one course offered each year in St. Francis. That course, held through the Kansas Wildlife and Parks, and again sponsored by Gardner Graphics

will be held from 7 to 9 p.m. on Aug. 12, 14 and 15 and at 9 a.m. on Aug. 16. The Saturday class will last much of the day. There is no charge for the class.

The classes are held at the Cheyenne County Wildlife, Inc. club house.

This year the class is being limited to 30 and those interested will need to pre-register by calling Chet Gardner at (785) 332-2373.

The recommended age for the class is 12 years to adult but those younger will not be turned away.

Others who have previously taken the class might want to renew their hunting knowledge and skills by taking the class. Instructors for the class are Chet Gardner, Tim Stimbert, Dick Rohweder and Bob Burr.

# Roll-Over booth featured at fair

By Karen Krien

The St. Francis Fire Department is sponsoring the Kansas Highway Patrol's simulated roll-over booth at the Cheyenne County Fair on Friday.

"We felt like it was important that people see what could happen if they are in a roll-over accident and they are not wearing a seatbelt," Chief George Harper said.

There is no cost to watch the roll over and it could save a life.

The fire department is focusing on the importance of parents putting children in safety restraints. Some of the facts are:

- In Kansas, every child under four must be transported in an approved safety seat. In addition, children four but under 14 must be protected by a safety belt.

- When a car has a collision or suddenly stops at 20 miles per hour, an unrestrained infant can strike the dashboard or windshield with a sledgehammer force of 400 pounds.

- At 30 miles per hour, a 125 pound adult is thrown forward with the force of nearly 2 tons. A child on the same adult's lap can be crushed between the adult and the vehicle.

# Additional programs announced for season

The Western Plains Art Association will be a performance by the Jazz Ensemble and Sunshine Singers of Colby Community College in March. Also, the Wichita Children's Theatre will be presenting *The Wizard of Oz* at the St. Francis schools in October, announces board member Lee Nichols.

Although it is too late to have member names and business names published in the Western Plains Art Association program book for the current season, memberships are still available. Memberships can be obtained for student, adult, sponsor, patron or benefactor levels.

Board member Nichols emphasized that although it is possible to attend special productions in Den-

ver or other larger cities, a membership in Western Plains Art Association could cost less than one of these performances, entitling the card holder to see 20 performances in northwest Kansas.

The Western Plains Art Association also continues to support through memberships special performances at no cost to the local schools. This year those programs will be by the Wichita Children's Theatre and the Nebraska Theatre Caravan.

Board members representing Cheyenne County are Althea LeBow, 332-3373, Helene Landenberger, 332-2528, and Lee Nichols, 332-3581. Not only can memberships be obtained from any board member, suggestions for future programs are welcome.
