Gina Frohlich of St. Francis accepted membership in The National Society of Collegiate Scholars and will be honored during a campus ceremony this fall at Fort Hays State University.

Founded in 1994, the National Society of Collegiate Scholars recognizes first and second year undergraduate students who excel academically.

The society was established on the principle that with scholarship comes a responsibility to develop leadership and a duty to perform service.

"The National Society of Collegiate Scholars provides the opportunity for students, like Gina, to be recognized for their outstanding academic accomplishments early in their college experience," said Steve Loflin, executive director. "Gina will also have the opportunity to join other high achieving college students in developing leadership skills and a sense of civic responsibility."
