Suffering silently doesn't make you more of a man.

Men are taught to ignore their feelings. Maybe that's why men are four times more likely to commit suicide than women. Emotions don't make you less of a man. Neither does asking for help. We are here for you, too.

Thank You

Thank you to the St. Francis Fire Department for your quick response in putting out our grass fire. Jerry Whitmore

We want to express our gratitude for the many acts of kindness extended to our families since the death of our dear Dana. To all our friends and relatives both near far, thanks for the hugs, cards, calls, flowers and memorials. Dana received a beautiful tribute from all of you who shared your love for her with us. She will live in all our hearts and memories forever. Larry and Sheila Webster, Kade Long, Bonnie and Zach Stults; Dixie, Wes and Seth Cobb; Kent and Patty Richard, Jessica, Deidre, Justin and Derek; Lawrence and Adele Richard.

Thank you so much everyone who made our move downtown possible and to all who are making it successful! Our goal is to provide a service to the community as well as to fund missions, and with your help that is happening! Come see us often! In

God's love, The United Methodist Thrift Store crew.

To everyone who sent me birthday wishes, thank you. It's been a rough

Application closing date for crop disaster is Dec. 1 becomes apparent to the producer. conservation compliance provi-

the Kansas Farm Service Agency, reminds producers that Dec. 1 is the application closing date for certain crops under the Noninsured Crop Disaster Assistance Program (NAP). Crops eligible for this program's benefits are limited to those not insurable in the county and are produced for food or fiber.

Dec. 1 is the final date to pay the applicable service fee and obtain Noninsured Crop Disaster Assistance Program coverage for all Grasses including Native, Pasture, Alfalfa, Clover, Lespedeza, Honey, Mixed Forage, Oats and Vetch. The administrative service fee is \$100 per crop per administrative county not to exceed \$300 per producer per administrative county and a \$900 maximum fee for multi-county producers. Interested producers must pay the fee and file form CCC-471, Application for Coverage, by the application closing deadline.

This coverage entitles eligible producers to a payment of 55 percent of an average market price for the commodity if a natural disaster caused a 50 percent production loss or greater of an eligible crop.

In the unfortunate event that a producer does suffer a loss on their particular crop, a form CCC-576, Notice of Loss, must be filed with Farm Service Agency within 15 calendar days after the disaster occurrence, or the date the loss

Governor Kathleen Sebelius' conjunction with the Cheyenne

The final three applicants are Eastern Cowley County, Onaga and Smith Center. The task force will conduct interviews in those communi-Gov. Sebelius will issue a news release when the final communities have been chosen.

"We wish all of the applicants well The local saga continues — This and we also recognize that programs that are successfully implemented in those communities will be made known to the rest of the state," said Carol Redding, Cheyenne County

> Common needs from the application process across the state have already been identified. The task force members noted that nearly every application indicated a need for additional information on how to access programs and get help. Assistance for some of the needs identified in each community apparently is available, but those programs are not readily located, and the process to obtain help is not clear. So even though St. Francis wasn't one of the finalists, the state-wide application process will be beneficial to all of Kansas.

Workshop for area ranchers will be held in Yuma, Dec. 1

By Julie Elliott, Rangeland Management Specialist Natural Resources Conserva-

Would you like to understand how to establish stocking rates, besides using Grandpa's tradition or the neighbors' rates?

Are you feeling pinched between rising costs and the bank note?

Would you like to spend more time in front of the fireplace or at the kid's ball games and less time feedgrazing but don't know how to get there from here? Jim Gerrish, beef-forage systems

specialist and on-ranch consultant, will be at the Yuma Community Center (North Highway 59 and 2nd Avenue) on Thursday, Dec. 1. Rolls, coffee and sign-in will begin at 8:30 a.m. mountain time. The workshop will run from 9 a.m. to 4

Come learn how to develop a low-cost, high-output range-based

Do you want to start rotational livestock system. Develop goals and set tactical objectives to move you toward those goals. Understand stocking rate, forage intake, rest and rotation. Discover how calving date affects forage demand and consequently stocking rate.

Struggling with fences and water placement? Learn the factors that determine optimal pasture layout. Perhaps temporary fencing is a better option for your operation than permanent. Find out why!

Who is the speaker? Jim Gerrish is an independent grazing lands consultant for farmers and ranchers across the United States. Readers of The Stockman GrassFarmer and Beef Magazine will recognize Mr. Gerrish as a regular columnist. Over 3000 producers and educators from the United States and Canada have attended the grazing management program he co-founded. You can learn more about him at his website:
