

More summertime photos

It's the end of summer and end of the summer photos. Last week, The Herald featured a page of kids pictured in the many activities St. Francis has to offer. This week's kids are: top right: Andrew Miller had his dog at a pet show; clockwise: Abbi Miller, right, wanted Lauren Johnson to get back on base; Madison Faylor was loading the ball into the pitching machine during ball practice; Jake Rath was keeping his grandpa, Dale Rath, company during the St. Francis Community High School alumni gathering; Layne Pettijohn was thinking about just where the ball was before swinging the bat during T-ball practice.
