

Let the **Gorilla** help sell your stuff

If you're planning a garage sale, be sure it's in **The Country Advocate**

Invite the 900-pound Gorilla to help with your garage sale. You'll have more customers, sell more stuff and make more money. That means more in your pockets at the end of the day, and less junk to haul off to the dump.

How does it work? Simple. While the paper reaches most families in the town, The Country Advocate goes all over northwest Kansas. It reaches 41,860 readers in 11 Kansas counties, plus parts of northeastern Colorado and southwest Nebraska.

That's why it's the 900-pound Gorilla of Northwest Kansas Advertising, reaching more homes and more people than any other publication, broadcast station, cable system, Internet page or advertising medium.

Reader after reader has tried The Advocate for their advertising. The results?

Stuff sells. People drive for miles to find a good sale. They don't want to walk away empty-handed. The Gorilla works.

Your newspaper makes it easy for you to be in The Advocate. Just call or stop by and place your ad. You'll be surprised how easy it is, and how affordable. You'll be surprised — and happy — when your phone starts to ring or people show up at your door.

But call today. Deadline for The Advocate is noon Friday, ONE WEEK BEFORE a weekend sale. Sure, you can get an ad in the paper later, but it won't be the same. Call the Gorilla.

Red River Commodities, a leading processor of sunflower seed for the snack and bakery industries is seeking a General Manager. General Manager will oversee management of all areas of the Colby, KS facility to ensure that products are manufactured on-schedule, within quality standards and meets cost objectives. Coordinates procurement of sunflower crop in central growing regions. Essential Duties and Responsibilities: Develop the manufacturing plan and establish procedures for maintaining high standards of manufacturing operations to ensure that products conform to established quality standards. Formulate and recommend manufacturing policies and programs that guide the organization in maintaining and improving its competitive position and the profitability of the operation. Ensure facility meets customer and external inspection standards; such as AIB and SQF. Identify,

recommend and implement changes to improve productivity and reduce cost. Direct the establishment, implementation and maintenance of production standards. Coordinate major projects, (e.g., plant layout changes, installation of capital equipment, etc.). Initial point of contact with regional producers. Foster relationships with growers to create purchase opportunities. Ability to work one on one with growers to understand issues and concerns they face and devise win/win solutions. Be aware of crop conditions,

potential yields, and supply vs. demand dynamics in market place. Knowledge of sunflower production and assistance in hybrid seed selection. Travel across KS, CO, NE and potential other central/southern growing regions. Negotiate contracts and prices. Education and/or Experience: BA/BS in industrial, mechanical, food related or business administration or a 4-year technical degree in related discipline. 10+ years of experience in manufacturing management, preferably in food oriented operations and/or related industry.

A minimum of 5 years of experience managing a significant segment of a large manufacturer or the entire operation of a smaller manufacturer. Red River Commodities offers a competitive wage and an excellent benefit package. If interested please send resume to: Red River Commodities, Inc., Attn: Audrey Bjornson P.O. Box 3022, Fargo ND 58108, or by Email to audreyb@redriv.com. RRC is an AA/EOE and is a drug free workplace. C 6/3

Animal Care Tidbits for You & Your Pets!

INTERNAL PET PARASITES: WHAT YOU NEED TO KNOW IN SHORT!

*Roundworms - Both dogs & cats - (Ingestion of soil, feces and environment.) These can infect humans. *Hookworms - Both dogs & cats - (3 common ways to get) 1. Migrate through the skin. 2. Ingestion of soil, feces, etc. 3. A mother's infected uterus or milk. These can infect humans. *Whips - Both dogs and cats - (Ingestion of Soil, feces.) These are not passed to humans. *Tapeworms - Both dogs & cats - (Ingestion of fleas & mice, lice or other animals.) This parasite needs an intermediate host and uses the mouse or flea (examples) as an incubator before it infects the host (your pet). Tapeworm in humans is a different species. *HEARTWORM - Both dogs & cats - These must carry by a vector (mosquitos), and unlike the above parasites, after several months of developing, the microfilaria travel through the bloodstream to the heart. *Coccidia - both dogs & cats - (Ingestion of soil & feces) More likely in young animals. *Giardia - Both dogs & cats - (Ingestion, inhaling and sniffing of the infected cyst stage through contaminated ground or water) This is not a worm, it is a simple one-celled parasite species. **HORSES can also suffer from Internal Parasites such as Roundworm & Bots!**
For Prevention, testing, treatment or questions about Pet parasites Please Call Colby Animal Clinic 785-460-8621 Next Month "External Parasites!"
Don't forget to come see our Gourmet Cookie Line for Dogs!*

LOST AND FOUND

You've not a clue
Nary a hint
as to where
your wrench has went?
And as you try to circumvent
the seething of
your temperament
You realize in that moment
it's lying in the basement
back at home
a mile away!
And so begins another day...
