Snow family holds reunion and picnic

The family of the late Harry and Ora Power Snow gathered in Goodland on Aug. 2-3, 2002. Darla Brock hosted the event with the assistance of Cecil, Debbie and Jamie Bennett and Dale and Darlene Fuller.

Friday evening a picnic was held in Gulick Park. Sunday, at the Buffalo Inn, a table was set up for those that "are gone but not forgotten" pictures, photo albums and a lot of genealogy information. Of great interest were billfolds of Kenneth K Snow who was born in 1820 and died in 1890, along with that family genealogy group pictures and many, many letters. All of that information belongs to Terry Snow and was found in an attic in Rooks County.

Prizes were awarded to those that flew the farthest, drove the farthest, the most children, the oldest person, the youngest person, the youngest grandchild, married the longest and many more. Lisa Ree and Doug Snow won the raffle for framed pictures of the Harry Snow family taken in January 1946.

Those in attendance were NoElla Snow and Calvin Owens from Doniphan, Neb.; Peggy and Randy Meyer, Pam and Richard Witte; Doug, Denise, Derick and Darcy Snow, all from Hastings, Neb.; Dale and Darlene Fuller of Cedar; Steve Fuller of LaSalle, Colo.; Darla Brock from Berlin, Vt.; Clint Brock of Hays; Casie Brock of Goodland; Kent, Lenise, Matthew, Toni and Torie Fuller of Smith Center; Debbie, Cecil and Jamie Bennett from Blanchard, Okla.; Shilo, Shayla and Makiah Fuller, Nino Smith, Trevor and Kylie Fuller and Amiee

Smith of Minneapolis; Velma Snow of Phillipsburg; Janet, Tim, and Brittany Laurison and Sharon Cameron of Long Island; Albert, Connie, Tyler and Kalie Asher of Glade; Jessica Snow of Cedar; Ernie and Rosalie Seemann of Levant; Craig Seemann, Gary, Joy, Eric, Amanda and Brian Seemann, and J.T. Zahradnik of Colby; Lisa, Bert, Adrea and Taylor Ree of Schoenchen; Guy Snow, Guy Jr and Denise Snow of Las Vegas; Kenneth and Carol Snow of Boise, Ida.; and Terry Snow of Bloomer, Wisc.

Visitors were Don and Ted Patterson of Quinter, they were classmates of some of the Snow kids at the rural Gooder School and Agra High School.

Special visitors were Craig and Cindy Coleman of Federal Heights, Colo.; Pam and Sal DeMarco of Arvada, Colo.; Steve and Carol Coleman of Westminster, Colo.; Irene Coleman of Denver; Robert L. Snow of Westminster; and Arletta Snow Cothran of Fort Lupton, Colo. Their father and grandfather was Loren Guy Snow, cousin of Harry Snow.

Guy Jr and Denise Snow brought their genealogy charts and their computer set up with pictures and family charts, this was of great interest to everyone to see the pictures of their ancestors flash across the computer screen. Cindy Coleman had printed several copies of their history for those interested.

Bingo was played on Saturday night, with J.T. Zahradnik the caller. He was assisted by Casie Brock, and Brian and Amanda Seemann. Very interesting prizes were won.

Club

Rotary

During the Aug. 12 meeting of the Rotary Club, President Les Brown presided. Secretary Scott Gawith reported that he was unsuccessful on contacting the Hays Rotary Club to see if they would like Larry Berg to transfer to their club. He informed the club that last week's meeting was at 62 percent attendance. Nancy LePell gave a short update on the treasury report.

Brown reminded members that the RSPV's for the Governors meeting on Sept. 3, at City Limits (Ann & Andy Meeting) are due back Aug. 27. They need to be returned even if you will not be attending.

Cal Mahin told members that there are still program spaces available. If they do not fill up, he will contact members that have not signed up for a program spot.

Rotary History topic was on how the Rotary Wheel came about. The design was made by Chicago Rotarian Montague Bear an engraver. The wheel was said to symbolize Civilization and Movement.

In 1922, it was decided that all Rotary Clubs should adopt a single design as an exclusive emblem of Rotary. The present gear wheel with 24 cogs and six spokes was adopted in 1923 by Rotary International Association. A group of engineers advised that the gear wheel was mechanically unsound and would not work without a "keyway" in the center of the gears to attach it to the power shaft. The keyway was added to the design which we now know as the official Rotary International Emblem.

The memberships directive was to get 60 new members this year. It has not been off to a very good start. The Rotary Club lost Larry Berg last week, and Pam Geishler has put in her resignation this week due to family priorities (twins). She hopes that some day the opportunity will present itself to be involved again with the Rotary Club.

Todd Stramel announced that Thomas County ADAC is having a golf

tournament Sept. 14, at Sugar Hills in Goodland. Anyone interested in sponsoring a hole or participating is to contact the Thomas County ADAC.

Gery Fulwider is involved with the fall festival to be held here in Colby Sept. 7. The Chamber Commerce is projecting this event will bring in more than 5,000 people to Colby businesses. This event has two major concerts in the evening and booths with fun and enjoyment for all. Fulwider said the key to success in this event will be the participation of everyone. If anyone is interested in helping sell tickets or running a booth, they should contact the Chamber of Commerce.

Leilani Thomas asked if anyone is applying for or would like an application for Leadership Thomas County. These need to be turned in to the office by Aug. 23, 2002.

Mark Wahlmeier introduced Brad Wildeman, the new high school football coach. Wildeman's wife, Amy, works in the offices at Midwest Energy here in Colby. They have a four month old boy named Thane. Their family have lived in Colby for seven years. He grew up in WaKeeney area. After graduating from Trego High School, he attended college at Fort Hays State.

He teaches science, physiology, and biology. In the past, Wildeman has been the assistant coach for eighth grade football, and seventh grade basketball and track. He attributes the strength in this year's high school team to the fact he has watched them grow through the years. He knows their weaknesses and can work on particular weakness that can improve the success of the team.
