Former teammates now set to face each other in Series

ANAHEIM, Calif. (AP) — Despite the fondness and respect Mike Scioscia has for Dusty Baker, he hopes his friend and former teammate finishes the World Series on the losing end.

Baker was a veteran and Scioscia a youngster on the World Series-winning Los Angeles Dodgers in 1981.

Now, they're the fourth set of former teammates to oppose each other as

managers in a World Series — and the first who played together on a championship team.

I would like to thank all the parents for their support of the team. Also, Mr. Quenzer and the staff in the high school office for all the help they provided in making my job much easier. "I know that the girls were disappointed," Higley said, "that our season ended this week, especially the seniors who have spent a great deal of time in high school working to improve.

"I feel that my association with them has made me a better coach, and a better person, and would like to thank all of the girls that I have coached in Colby for allowing me the opportunities that I have had coaching them.

"Sometimes the rewards for our efforts are not measured with medals or trophies.

"What we have however, is a lifetime of memories that will never be lost or misplaced, and for this I feel very fortunate. Thanks ladies!!"
