### Brewster Correspondent

where she spent her early years. After this visit, she returned home on Tuesday, Oct. 22.

Cornelia Baird passed away on Friday, Oct. 25. Her services were Monday Oct. 28 at Koons Chapel in Goodland. Our sympathy to the family that Cornelia was so proud of. She will be missed by them as well as her many friends in this area.

There are many that have asked about flu shots, and I am sure there will be more available at the Senior Center on Tuesday, Nov. 19, from 10 a.m. until 11:30 a.m. So, if you missed them,

this month, please come in then, and get the protection that is available to keep you from getting the flu.

As everyone else, I am very grateful that the sniper situation in the east seems to be solved. I appreciate the news that keeps us informed but it seems that many of the newscasters or the "experts" that pop up from nowhere, are quick to give others that might mean harm to America, a blueprint on our weak points.

I am little dubious of the "expert" title given to anyone that is not currently working in a legitimate job. But, the ones that are working so hard, such as Police Chief Charles Moose, are true heroes and I am glad America has men like that.

It is good to hear that Doris Mayer is home and recuperating from knee surgery, earlier this month. We hope the recovery is swift and complete. Seems like knees are one of the points of many problems and we need to try

to keep them healthy as long as possible. That is why the icy sidewalks are something that need to be avoided, if possible, but none of us want to be curtailed in our activities.

Roger and I went to Wal-Mart in Goodland the other day and it was good to run into my niece, Denise and her husband, Doug Hilty. She said everyone was doing all right as far as she knew. I hope to find out for myself, one day soon. She said Doug will be going through that traumatic "50" on the 29th, so Happy Birthday Doug. As someone pointed out to my mother on that special occasion, "Just think, you're half a hundred!" She didn't take it too well either.

We're getting the "winterizing" done, today. I should say Roger is. I just filled the bird feeders and squirrel feeders. Hope we get the rain that they are predicting, but after awhile, we get a little doubtful, don't we? See you next time.
