One-hit wonders

One hit wonders are a never-endng sensation in the music world.

"One-hitters" from the 1960s include such artists as Barry Mann ("Who Put the Bomp in the Bomp, Bomp, Bomp, Bomp"), Curtis Lee ("Pretty Little Angel Eyes"), and The Detergents ("The Leader of the Laundromat"), to name a few and the list continues to grow.

In the literary world there are also a number of one hit wonders. For some authors success is a gateway and for others success is a barricade. There seem to be risks either way. If an author quits writing after an initial breakthrough, his or her authenticity might be called into question for lack of substantiation. On the other hand, an author who continues to write thereafter runs the risk of failing to meet the expectations of the public/critics. (For more on this type of situation read "Catch-22" by Joseph Heller) Below are three distinguished authors who have encountered this type of scrutiny.

It is tough to know what Margaret Mitchell might have done with the final chapter of her life. Mitchell died at the age of 48 after being hit and killed by a taxi cab. Questions about authenticity began to circulate as "Gone with the Wind" was the only novel ever written and submitted by Margaret Mitchell. Fortunately, her legacy was forever preserved when a son of one of Mitchell's early suitors discovered a novel that Mitchell had written at

Her latest novel titled "On Off" about a cated at 375 W. Fourth St. and open serial killer has just been added to our shelves.

You can judge for yourself whether any of her books have since lived up to her most widely acclaimed book "The Thorn Birds."

Tropical storm hris threatens

SAN JUAN, Puerto Rico (AP) — Tropical Storm Chris weakened slightly as it swept through the eastern Caribbean early Thursday, dumping rain on the Virgin Islands and prompting tourists to flee Puerto Rico's east coast.

Despite early concerns, the Bahamian government discontinued a hurricane watch in the southeastern Bahamas and the Turks and Caicos Islands, the National Hurricane Center said Thursday.

The watch, discontinued at 5 a.m. EDT, included the Acklins, Crooked Island, The Inaguas, Mayaguana and the Ragged Islands. Tropical Storm Chris was expected to move away from Puerto Rico and the Virgin Islands sometime Thursday, forecasters said.
