WE GIVE YOU THE CREAM.

NOT THE SKIM.

Some newspapers don't get read -- they get skimmed. Readers skim the headlines, the pictures, the ads. Not in The Colby Free Press!! We're not filled with "canned" materials like many newspapers. No photos from Kosovo and no wire service stories from other far-off places. The Colby Free Press is filled to the brim with local stories and pictures about local people and local happenings. No wonder it's so well read. *We give you the cream - not the skim.*

PUBLIC NOTICE

If it's not in the newspaper, how will you know?

Zoning changes in your neighborhood. A proposal to increase your property taxes. Information on how public officials are spending your tax dollars. These are just a few of the topics — topics that affect your family and

your community — local government officials are required to publish in the local newspaper.

Your local newspaper fulfills an essential role in serving your right to know. After all, it shouldn't be your responsibility to know how to look ... where to look ... when to look ... and even what to look for in order to be informed about public information. It is the government's responsibility to notify you of public information, and your local newspaper is the most accessible place to find it.
