

It's a good week for finances, career

Aries (March 21 - April 20) This week material security is important to you and attention may be focused on improving earnings. You demonstrate skill in creative endeavors. If there are conflicts with a marriage partner, sacrifice work and dedicate your energy to the needs of the relationship.

• Weekly Horoscope

Taurus (April 21 - May 21) Career-wise, it is an encouraging week, enhancing your reputation and income. Extra responsibilities appear with family. You face increased domestic demands. It's difficult to turn down loved ones, so you to feel overburdened.

Gemini (May 22 - June 21) Balancing interests with loved ones is difficult. Overeating, self-pampering or possessiveness toward loved ones will annoy others. Someone at a distance causes concern and you feel obligated to provide assistance.

Cancer (June 22 - July 22) This week is financially encouraging. Enthusiasm and knowledge draw new people into your life. Constructive efforts succeed when you join forces with others in a common goal. Communications provide motivation, insight, and encouragement toward fulfilling plans.

Leo (July 23 - Aug. 22) Domestically, this is a happy week. You are concerned for anyone that needs support. It's easier to take care of family and business affairs. Others count on your dependability. It's a good time for entertaining and fun with family.

Virgo (Aug. 23 - Sept. 23) There are high-flying chances of travel connected to your profession. Gains through travel are possible. You might enter into profitable deals, with gain through speculation. If you are unmarried, there are chances of finding your match.

Libra (Sept. 24 - Oct. 23) Your daily life is stable, although not particularly exciting. This is an excellent time to make practical progress. You make strides in paying off debts and gaining financial

security. This is a good time for long-term investments or training that provides marketable skills. Patient activity brings practical benefits.

Scorpio (Oct. 24 - Nov. 22) Your need for emotional support is satisfied by social relationships. A desire for togetherness makes this an enjoyable time for family. In committed relationships, this is a favorable time for engagement, marriage or beginning a family. If you have children, nurturing them is especially rewarding.

Sagittarius (Nov. 23 - Dec. 21) It's a favorable time to grow in creative and work endeavors. Your mental outlook is optimistic and productive, enabling success. Prominent people in your social circle can provide financial gains. Legal affairs can be concluded.

Capricorn (Dec. 22 - Jan. 20) You may travel or further your education and benefit your career. You want your loving companion to be there for you with loyalty and commitment. You expect your devotion to be reciprocated. Entertaining in your home or hosting an event will be rewarding.

Aquarius (Jan. 21 - Feb. 19) You have no career trouble, gaining favor for outstanding performance. Chances of getting desired projects are good. A blend of interests and attitudes unite you and your mate. Pledges of love and loyalty can be exchanged.

Pisces (Feb. 20 - March 20) Due to transit of planets, it might be a crucial week. Revise work methods and re-evaluate thinking because of outside forces. You may perform a task that is different from usual, due to changes made by higher-ups. You make adjustments that release old ideas or transform them into new directions.
