College enrollment up according to final count

at Colby Community College.

"Traditional on-campus enrollment is up approximately 8 percent compared to last year," said Alan Waites, vice president of business affairs. "Total credit hours on the 20th day of classes were 14,594.

"Credit hours will continue to gents. increase as outreach enrollments are completed. In addition, CCC has several courses starting at eight weeks which will add to the total."

"One of our goals in the admissions office was to increase freshmen numbers by 50 students," said Vice President of Students Skip Sharp. "We actually increased the number by 70, with a total of 601 freshmen students, compared to 531 for fall 2008.'

"Interestingly, the total head count for fall 2009 is 1,020," said Waites. "That is just a few more ing."

For the first time in several students compared to the fall 2008 years, enrollment numbers are up head count of 1,014. That means each student is enrolling in more credit hours per semester."

Dorm occupancy also increased by about five percent for fall 2009.

The 20th-day enrollment numbers were part of a report submitted to the Kansas Board of Re-

"The increase in enrollment can be attributed to many marketing initiatives in the admissions office and the contributions of all those who work at the college," said President Lynn Kreider. "The quality of our instructors is well known. Our board of trustees has been instrumental in keeping tuition costs low while providing a quality education and the complete college experience for our students. The increase in enrollment will help fill the gap created by the \$430,000 cut in state fund-

Hear from German student, explore trivia at your library

The Pioneer Memorial Library will be having foreign exchange student, Aykin Kozempel to share about Germany and the city of Berlin that she loves so dearly. Come attend the program, Explore Our World Through Local Eyes at 7 p.m. tonight in the meeting room. Refreshments will be served.

Also the Pioneer Memorial Library is gearing up to hold a Trivia Pursuit night starting at 6:30 p.m. on Thursday, Nov. 5. If you are part of an organization that would like to compete as a team, please get together to compete. It will be best for teams to have youth as well as adults so they can answer the diverse questions posed. If you cannot come up with a team of seven or eight, we can have a signup sheet at the library for those who want to form a team of random players. Each team will be asked to bring snack food so that we can have a potluck of chips, crackers, popcorn, veggies, etc., to munch on while we play this highintensity and fun game of Trivia Pursuit. A prize will be given for the winning team.

If you are a fan of the Dune series, you will enjoy the most recent item released, "The Winds of Dune." Brian Herbert and Kevin J. Anderson begin this episode of the series by having Paul-Muad'Dib walk out into the desert and disappear. Though he had been disabled and blinded in the previous book, this mystified his followers, sister, mother and old faithful servant, Gurney. His choice to disappear brings the rule of the realm into question. Paul-Muad'Dib's sister Alia has become the ruler, but others from farther away want to reinsert their power, prominence and permanence. If you have missed some of the characters from previous books, you will be more than pleased when some reappear. This book is exciting, suspenseful, and will keep you on the edge of your seat. If you are a sci-fi reader and have not enjoyed a book in this series, pick up this one and begin learning about a new realm.

An interesting fiction book I'd almost place under fantasy is "Terminal Freeze," by Lincoln Child. This book begins with native tribes located in the Arctic Circle performing religious ceremonies in order to save their very existence. The next chapter introduces an expedition to this arctic waste land so that they may investigate a newly discovered glacial ice cave. An extraordinary discovery is made of a fully ice-bound ancient animal. First the researchers must carefully remove the remains, and then researchers have to put up with publicity hounds, a murder

investigation, and their own possible demise as well. You will enjoy the twists and turns of this work by Child.

A third book is "The Sweetness at the Bottom of the Pie," by Alan Bradley. The author is the winner of the 2007 Crime Writers' Association Debut Dagger Award. Flavia de Luce is a precocious, young prodigy of chemistry and the sciences. She is walking in the steps of her mother, while using historical scientific notes to grow in her abilities as a chemist. Their family was living in the small English village of Bishop's Lacey when her mother died. Several years have passed, and the family environment is less than conducive to building loving relationships.

Flavia's sister, Ophelia, and their father live with her in this lovely English home, where they are ex-

pected to eat meals together, but not much else positive transpires. Flavia, the younger sibling, loves to harass her sister. While making a special concoction to place in her sister's lipstick container, Flavia busily writes down her scientific observations of the affects to Ophelia's lips. At the same time, Bradley creatively introduces some of the other characters. The author also sets us up for a murder on the property. We get drawn into a very enjoyable murder mystery with wit and charm. This book is the first in a series "featuring the brilliant young British sleuth Flavia de Luce.'

Come and use the many resources available at your public library. Enjoy reading magazines, books and such in our warm environment. Remember, as you start thinking of harvest festivals and parties, we have lots of resources to check out. We have craft books, cookbooks, magazines with seasonal ideas, and even Halloween cake pans. The Pioneer Memorial Library is open until 8 p.m. week-

days, 5 p.m. Fridays, 4 p.m. Saturdays, and from 1 to 4 p.m. Sundays. See you in the library!

Free honeymoons to the rescue

KUALA LUMPUR, Malaysia ment hopes to launch the plan (AP) – A Malaysian state gov- soon "to resolve marital problems ernment says it plans to offer free and to create models of exemplary honeymoons to save the marriages of couples who are on the brink of divorce.

Ashaari Idris, a government official in northern Terengganu state, says troubled couples will be allowed to spend two nights at the state's scenic islands or beach romance under a "Second Honeymoon" program.

Ashaari says the state govern- to us at 462-3963.
