# Catch up on work, care for friendships

Aries (March 21 – April **20**) Complete work that has been hanging over your head. Be sure to back up any agreements you make with action. The Scorpio sun inspires relationships to grow.

Taurus (April 21 - May 21) You'll save time and trouble by working ahead. A direct approach could hurt a loved one's feelings, so speak with kindness even if feeling critical. Lay low to restore physical balance.

Gemini (May 22 – June 21) Your charisma soars. Mundane tasks go more quickly if approached creatively. People are impressed by your no-nonsense approach to problems.

Cancer (June 22 – July 22) To make progress, remain focused and approach one thing at a time. Inner peace is more important than being right, so choose your battles wisely.

Leo (July 23 - Aug. 22) You may experience confusion or misunderstandings in business communications, so keep conversations short and to the point, and take notes if necessary.

Virgo (Aug. 23-Sept. 23) Trust your instincts. Viewing projects as challenges rather than burdens will let you breeze through them in half the time. Double-check appointments, as you may have accidentally committed to being in two places at the same time.

Libra (Sept. 24-Oct. 23) Completing an important project will create space for new challenges. Balance your finances or a small oversight could cost you. You may be tempted to take the afternoon off, but postponing responsibilities will work against you.

Scorpio (Oct. 24 - Nov. 22) Everyone seeks your advice. You may cross swords with an authority, but instead of dueling, you'd be wise to stand back and let them have their way.

Sagittarius (Nov. 23 – Dec. 21) Reach out to folks in need and offer help wherever you can. Miscommunication could cause you

Horoscope to make two engagements for the

same time, so check your calendar. Double-check your account balance, as a small purchase could throw your budget off.

Capricorn (Dec. 22 – Jan. 20) You get a lot done and make decisions with confidence. If you discover a financial problem, a phone call should straighten it out. The sun illuminates your true feelings, bringing depth to relationships.

Aquarius (Jan. 21 – Feb. 19) You approach everything with intensity. Finishing up a long-standing project brings satisfaction and a bonus. Remind friends you haven't forgotten their troubles. Seeing both sides of a conflict puts you in the position of mediator.

Pisces (Feb. 20 – March 20) Financial imbalances is illumi-

nated, along with simple solutions to restore stability. Don't overbook or make two appointments for the same time. Set aside time for loved ones to reconnect and find out what they've been up to.
