Build America Bonds: AN OPPORTUNITY FOR COMMUNITIES

When you buy a Build America Bond (BAB), you are lending money to municipalities to fund new capital programs. These programs finance roads, schools, hospitals and other projects that strengthen our communities.

What does that mean for you? BABs could provide the opportunity to diversify your taxable income.*

* Diversification does not guarantee a profit or protect against loss.

These bonds are solely backed by the issuing municipality and are not obligations of the U.S. government.

Before investing in bonds, you should understand the risks involved, including interest rate risk, credit risk, and market risk. The value of bonds fluctuates and you may lose some or all of your principal.

Speak with your financial advisor to determine what BABs are appropriate for your investment strategy.
