• Weekly Horoscope

Aries (March 21 - April 20)
Tie up loose ends and make the choices and decisions that will determine which path things take. Assert the needs of your personal life. On the relationship front things are settling down.

Taurus (April 21 - May 21)
With pressure easing dramatically, heed messages evoked by last week's pressure and things that came to a head over the weekend. On the home front you've passed a hurdle, with a chance to make up for lost time. Keep your options open.

Gemini (May 22 - June 21)
Stay in the moment and follow your heart. Seize any opportunity to go off script. Some dreams and desires for escape, travel or adventure are revitalized.

Cancer (June 22 - July 22)
You are more determined to make things happen. Yet more financial confidence moves you from focus on money to what it can buy. Your top priority is freedom. Some of the best things in life are free, so don't limit life to your finances.

Leo (July 23 - Aug. 22)
Last year's financial challenges are morphing into this year's opportunities. Options you hadn't considered before are open. The bar has been raised across all the currencies in your life.

Virgo (Aug. 23 - Sept. 23) This

year is about relationships, both personal and professional. Make your work congruent with the rest of your life and relate to the right people. After a few shakeups last week, peace of mind is returning.

Libra (Sept. 24 - Oct. 23)
Manage the balance between work and play. Look at where you were stressed and at where you were saying yes when you wanted to say no or failed to create the right balance. If you want to have it all, you need to look after your own needs.

Scorpio (Oct. 24 - Nov. 22)
Pressure building between your home and professional life is easing. Be patient and see that having things on track on both the professional and home fronts is worth it in the long run. You'll benefit from effort to create the right work/life balance.

Sagittarius (Nov. 23 - Dec. 21)
Your excuses have been challenged. You're not only more sure of what you want, but of options you have and how to make it hap-

pen. No more living life in the shadows or simply going through the motions.

Capricorn (Dec. 22 - Jan. 20)
You feel more sure of what you want and how to make it happen. Even if nothing has changed financially or professionally, you're likely to feel more confident. This is a good week for communications and any decision making.

Aquarius (Jan. 21 - Feb. 19)
You're likely to feel more confident. Pressure that took a long time to build should ease more rapidly. The more willing you are to move on from past pressures, the more rapidly things will move.

Pisces (Feb. 20 - March 20)
Instead of being confused about whether to look forward or back, now you can do both. Your heart is leading the way and you offset past challenges by recapturing good memories or old fantasies. Putting the past into perspective brings the future into focus. Enjoy the views in all directions.
