Public Notice

PUBLIC NOTICE

NW KS GMD#4 WTAP
Sign-up Starts October 1

The State Conservation Commission will begin accepting applications for the Water Right Retirement Program, WTAP, beginning October 1.
WTAP is a voluntary, incentive-based program designed to help restore aquifers and streams in critical areas. Six "High Priority" units in the Northwest Kansas Groundwater Management District No. 4 have been designated as eligible target areas by the Chief Engineer because of significant water level declines. They have been designated to be in need of aquifer recovery and are now closed to further appropriations of water. These six areas in Cheyenne, Sherman, Thomas, and Sheridan counties are also the subject of additional management program protocols being discussed with landowners by GMD#4.

Applicants who are selected for WTAP grants are compensated by the State Conservation Commission in exchange for the permanent retirement of a water right. Priority is given to retiring water rights in areas which would have the greatest impact on the aquifer system. A fixed rate price of \$2,000 per acre-foot of Historic Consumptive Water Use is available for eligible water rights to be retired. **WTAP grants are approved on the basis of competitive bids.**

To be eligible, water rights must have been actively used in the last 10 years. Dryland farming is permitted after a water right is retired. Limited irrigation can be temporarily allowed to establish a permanent cover on the land being transitioned from irrigation. Partial water right reductions can also be considered for retirement grants.

The Fall sign-up period is **October 1, 2010 through November 15, 2010**. If program funds are still available, a Spring sign-up period will be held on February 15 through March 31, 2011.

For more information, contact Steve Frost, Water Conservation Program Manager, at (785) 296-8964. Complete WTAP rules and regulations, applications, maps, and other details are posted on the SCC web site at www.scc.ks.gov. Information and assistance can also be provided at the NW KS Groundwater Management District No. 4 in Colby, (785) 462-3915, or at the Kansas Department of Agriculture, Division of Water Resources Field Office in Stockton, (785) 425-6787.
